ABOUT US

ООRJAA®
LIVE LIGHTLY

Oorjaa is an exploration of light that reflects our love of material, craftsmanship and sustainable living. Crafted with care, every lamp is alive with the inimitable individuality of the handmade. We subtract the superfluous, in both our aesthetic and our methods, evolving designs that are easy on the eye and the environment.

Oorjaa is a design studio that handcrafts sustainable materials into lamps for retail and custom lighting solutions for commissioned spaces and projects. Our roots lie in Bangalore's first handmade paper studio established in 1998 by Jenny Pinto. Today, we continue to be led by the idea of combining waste and natural fibre to create beautiful lights and are committed to our ethos of living lightly.

THE UNCORK COLLECTION

Harvested from tree bark that regenerates every nine years, Uncork is an expression of contemporary forms. It throws new light on a beautifully sustainable material, that is usually hidden away in industrial use.
