Notes for Settings & Preferences
For descriptions of features and functions available when connected to ESCORT Live, visit EscortRadar.com and download the PASSPORT Max2 Owner's Manual.

To view serial number and software revision press MRK and MUTE while powering on detector.

To restore PASSPORT Max2 to its original factory Settings, press and hold SEN and BRT while turning the power on. A "Restored" message will display, acknowledging the reset.

Software Updates
PASSPORT Max2's red light and speed camera DEFENDER database is easily updated using our exclusive detector software tools found on our web site. Firmware, or the operating software for the detector, can also be updated using these tools.

In order to have access to these updates, please register your PASSPORT Max2 at www.EscortRadar.com. Once registered, you will receive email notifications that updates are now available for your database or firmware. To handle your software and DEFENDER updates you need to connect your Max2 to a computer first. You can connect Max2 to a computer via USB A / Mini B cable (not included).

PASSPORT MAX 2
High Definition Radar Performance

RADAR • LASER • SAFETY CAMERA • DETECTOR

`55 49 MPH Highway`

Congratulations

You've just purchased the first and only radar/laser detector to offer high-definition (HD) performance and accuracy—**the all-new PASSPORT Max2**.

Go to EscortRadar.com for the full featured PASSPORT Max2 Owner's Manual.

Guía de Referencia Rápida Española traducida y manual con todas las funciones también son disponibles a www.EscortRadar.com

PASSPORT Max2 features a new multi-color OLED display. Brilliant graphics illuminate intuitive icons that identify the type of threat at a glance.

2

PASSPORT Max2 Features

• PASSPORT Max2's HD Performance accurately identifies real threats sooner than any other detector, providing more advanced warning when you need it.

• PASSPORT Max2's GPS location-based intelligence automatically locks out false alerts and allows you to mark locations for future reference.

• PASSPORT Max2 gives you access to ESCORT's DEFENDER Database, which warns you of verified speed traps, speed cameras, and red light cameras.

• The PASSPORT Max2 now with built in **Bluetooth®** technology gives you access to ESCORT's award-winning app, ESCORT Live. Our exclusive real-time ticket-protection, the network which warns you of upcoming alerts received and reported by other users in the area, and gives you access to local speed limit data for over-speed alerts.

Registration

Before downloading ESCORT Live, you must first register your PASSPORT Max2 device. Be sure to have your Max2 unit nearby, as you will need the serial number. To view serial number and software revision press MRK and MUTE button while powering on detector.

1 Visit www.EscortRadar.com and click Product Registration.

2 Click the link for Escort Live Ready devices.

**3** Follow the onscreen instructions to register your device.

Be sure to write down the username and password you create, as you will need this information to access and download ESCORT Live. (You will also receive an e-mail with this information, once you have registered your device.)

Downloading ESCORT Live!

1 Enter the iTunes App Store or Google play store on your smartphone and search for ESCORT Live radar!

2 Follow the onscreen instructions to download.

3 When prompted, enter the username and password you created when registering your PASSPORT Max2 device.

4

Pairing with your Smartphone

To pair your Smartphone with PASSPORT Max2:

1 Ensure PASSPORT Max2 power is ON.

2 On your Smartphone go to Bluetooth Settings.

3 Ensure Bluetooth is ON.

4 Press **Scan** for devices and/or wait for the device list to populate, PASSPORT Max2 should appear under devices.

5 Tap PASSPORT Max2 to pair the device to your phone.

6 Bluetooth icon on the PASSPORT Max2 display screen will appear blue when paired to the phone.

7 Open the app, walk through the tutorial, and you're ready to hit the road!

For Bluetooth pairing tips and more information on using ESCORT Live! visit: www.EscortRadar.com

Installation

Mounting Tips:
• Center of windshield between driver and passenger.
• Ensure clear view of road ahead and sky above.
• Avoid windshield wipers and heavily tinted areas.

To mount PASSPORT Max2 in your vehicle:

1 Remove backing from StickyCup mount.

2 Firmly press StickyCup onto windshield and flip locking clamp to secure.

3 To adjust view, loosen thumb wheel and adjust angle of mounting bracket. Tighten thumb wheel to secure.

4 To remove detector, press mount release button on PASSPORT Max2 and slide device off mount.

6 To remove mount from windshield, release locking clamp and pull tab on top of StickyCup.

StickyCup Care Instructions:
To clean your StickyCup, simply rinse under warm water, gently wipe off any debris and allow to air dry.

Controls & Features

Using PASSPORT Max2

1 Plug small end of SmartCord into modular jack on PASSPORT Max2 and large end of SmartCord into your car's lighter/accessory socket.

**2** PASSPORT Max2 should power on automatically. If not, press the device's power button.

NOTE: You can easily access and customize all of your Settings and Preferences by pressing and holding the MRK and SEN buttons. See Settings & Preferences for details.

Using SmartCord
• Mute Button: Press to mute an alert; press three times to lock out a false alert; press twice while receiving a locked-out alert to unlock. (When connected to ESCORT Live!) Press and hold mute button on unit or cord to manually report to other users a verified X or K-band alert, or a police officer observing traffic.
• Alert Light: Blinks orange when receiving an alert.
• Power Light: Lights blue when receiving power.

Modular Connector
Plugs into detector jack

Lighter Adapter
Connects to lighter/accessory socket

Earphone Jack
Connects to optional 3.5 mm stereo earphone.

Modular Jack
Connects to SmartCord for powering your device

Mini USB Jack
Connects to your computer via USB A / Mini B cable for downloading software updates
