PASSPORT Features

- Brilliant graphics OLED display.
- Exclusive AutoSensitivity intelligently filters out annoying false alarms, plus Highway, POP (Instant-On), and RedLight lamps.
- Our most popular GPS-powered features, including speed-limit data, for over-speed alerts, and red light cameras.
- Mark Locations for help eliminate false alerts.
- Our exclusive real-time ticket protection.
- Interchangeable Scoring icon for a new multi-color display.
- TrueLock™ technology gives you access to ESCORT’s award-winning app, ESCORT Live.

Exclusive SpecDisplay provides actual alert bar.

Congratulations!

When connected to ESCORT Live!

Registration

Before downloading ESCORT Live, you must register your PASSPORT on ESCORT’s website at EscortLive.com. To register, you will need information, once you have registered your device. Enter the iTunes App Store or Google Play and download ESCORT Live. (You can easily access and customize all settings & preferences for details.)

To pair your Smartphone:

1. Using PASPORT, enter smartphone.
2. Our DEFENDER Database, which warns you of upcoming alerts, live traffic data for your current location, and TrueLock™ technology gives you access to ESCORT’s award-winning app, ESCORT Live.
3. When connected to ESCORT Live, you must first enter the passwort you create when registering your device. Enter the password you created when registering your device.
4. On your Smartphone go to Bluetooth Settings.
5. Tap PASSPORT to pair the device to your Smartphone.
6. Our exclusive real-time ticket protection.
7. PASSPORT now with built-in Bluetooth® technology gives you access to ESCORT’s award-winning app, ESCORT Live.

Installation

Windshield Mount

Using the Windshield Mount, mount your PASSPORT along the center of windshield between driver and passenger. When installed and adjusted properly, the back of the mount should rest against your windshield (there are four settings available). For optimum detection performance, we recommend that you mount PASSPORT level, and high enough on your front windshield to provide a clear view of the laser lens.

Controls & Features

Controls & Features

- Mute Button: Press to mute an alert. (When connected to ESCORT Live!) Press mute button three times to lock out a false alert; press twice while receiving a locked-out alert.
- Alert Light: Blinks orange when receiving an alert. When connected to ESCORT Live, press alert light for more information.
