- **Notes for Settings & Preferences**
  - For descriptions of features and functions visit EscortRadar.com and download the PASSPORT X50 Owner’s Manual.

- **Restoring the Factory Default Settings**
  - To restore PASSPORT X50 to its original factory settings, press and hold VOL and BRT while powering on detector. The unit will display RES ET message, acknowledging the reset.

- **Service Procedure**
  - If your X50 ever needs service, call us at 1-800-543-1608. We may be able to solve your problem over the phone. If the problem requires that you send your X50 to the factory for repair, we will provide you with a Service Order Number, which must be included on the outside of your shipping box.

  - Enclose the following information with your X50 and power cord:
    - Your Service Order Number
    - Your name and return address
    - Your daytime telephone number
    - A description of the problem you are experiencing

Passport X50 Features

Installation

Windshield Mount

Windshield Mounting Tips:

• Center of windshield between driver and passenger.
• Ensure clear view of road ahead.
• Avoid windshield wipers and heavily tinted areas.

PASSPORT X50 Mounting Location

WARNING: ESCORT cannot anticipate the many ways PASSPORT X50 can be mounted. It is important that you mount PASSPORT X50 where it will not impair your view nor present a hazard in case of an accident.

Using PASSPORT X50

1. Plug small end of SmartCord into modular jack on PASSPORT X50 and large end of SmartCord into your car's lighter/accessory socket.
2. PASSPORT X50 should power on automatically. If not, press the device's power button.

NOTE: You can easily access and customize all of your Settings and Preferences by pressing and holding the VOL and BRT buttons. See Settings & Preferences for details.

Using SmartCord

• Mute Button: Press to mute an alert.
• Alert Light: Blinks red when receiving an alert.
• Power Light: Lights green when receiving power.
• USB Charging Port: Charge smartphones, tablets and other USB-charged Devices.

PASSPORT X50 Features

The PASSPORT X50 introduces the following state-of-the-art performance and features:

• Long-range K and Ka-band radar performance, including instant-on POP mode.
• Exclusive AutoSensitivity setting plus Highway and Auto No X settings intelligently filter out annoying false alarms.
• Exclusive ExpertMeter tracks and displays up to 4 radar signals simultaneously.
• Exclusive SpecDisplay provides actual numeric frequency for any radar signal and alert status.
• Plus, for compatibility with ESCORT Live, our exclusive real-time ticket-protection network, which features use of up-to-date alert records and equipment location information, and gives you access to local speed limit data in over-speed alerts.

You've purchased the all-new PASSPORT X50, one of the most advanced high-performance radar and laser detectors on the market. The PASSPORT X50 provides long-range scanning on all radar and laser bands. Patented Mute and AutoMute circuits keep the PASSPORT X50 quiet in even the most populated areas. Go to EscortRadar.com for the full featured PASSPORT X50 Owner's Manual.

You're welcome to try our free license of ESCORT Live for 30 days. After 30 days, you can purchase a license of ESCORT Live to receive 24/7 ticket protection and access to local speed limit data for over-speed alerts.

*Requires Optional SmartCord Live and app subscription.
