ESCORT®
DRIVE SMARTER™

Congratulations. You have just purchased the most innovative and comprehensive radar/laser accessory available—SmartCord Live.

SmartCord Live uses Bluetooth® technology to communicate with your Android™ smartphone using our exclusive app. This combination of technologies gives you access to the most powerful driver alert network—ESCORT Live! (subscription may apply). You can also easily access your detector's settings and manage alerts from your smartphone.

With ESCORT Live!, you and your fellow drivers will instantly communicate all radar/laser encounters automatically, providing the most up-to-date and accurate protection on the road.

Imagine millions of other drivers helping you Drive Smarter!

Features

You'll still enjoy all the state-of-the-art performance you've come to expect from your detector, but you'll also have access to:

- ESCORT Live!—our exclusive real-time ticket protection network, which warns you of upcoming alerts received by other users in the area.

- Our DEFENDER Database, which warns you of verified speed traps, speed cameras, and red light cameras.

- Our most popular GPS-powered features, including speed-limit data for over-speed alerts, live traffic data for your current location, and TrueLock™ to help eliminate false alerts. You can also Mark Locations for future reference.

NOTE: ESCORT Live! enabled features are only available while running the smartphone application.

Connections and Controls

Lighter Adapter
Connects to your vehicle's lighter/accessory socket

Mini USB Jack
Connects to your computer via USB A/Mini B Cable for downloading software updates

USB Jack
Charges other devices simultaneously

Modular Connector
Connects to your detector

Alert Light
- Blinking red: *Receiving an alert*
- Solid orange: *Receiving a locked-out alert*

Power/Bluetooth Light
- Solid green: *Power is ON*
- Solid blue: *Cord has Bluetooth connection and you are connected to the ESCORT Live! network*

Report Button (with ESCORT Live!)
1 Push to manually report to other users a verified X or K-band alert, or a police officer observing traffic

2 If you've lost your Bluetooth connection on your smartphone, press the Report Button to reconnect SmartCord Live to your smartphone

Mute Button
Push to mute an alert. Push three times to lock out or unlock a false alert

Registering and Pairing

Before downloading ESCORT Live!, you must first register your SmartCord Live. Visit EscortInc.com and click **Product Registration**

Pairing your Android smartphone with SmartCord Live:
1 Connect SmartCord Live to your detector and your vehicle's lighter/accessory socket
2 Enter the Bluetooth Settings menu on your Android smartphone (typically found under Menu > Settings > Wireless & Networks > Bluetooth Settings)
3 Ensure Bluetooth is ON
4 Tap Scan for Devices, then select SmartCord Live from the list. Pairing can take up to 30 seconds. If prompted to "Accept password to pair," tap Confirm. When SmartCord Live is properly paired, your Android smartphone will display "Paired but not connected"

Now that you are paired with SmartCord Live, you must connect your detector to the ESCORT Live! network

NOTE: For details on pairing your Android smartphone with Bluetooth devices, consult your phone product manual.

Downloading and Connecting

Connecting your detector with ESCORT Live!

NOTE: If you own a gps-powered detector, (9500ix or GX65) you must update your detector software using Detector Tools. Visit EscortInc. com or Beltronics.com for instructions.

1 Enter the Android Market on your smartphone and search for ESCORT Live!

ESCORT Live! available in Android Market

2 Follow the onscreen instructions to download
3 When prompted, enter the username and password you created when registering your product at EscortInc.com
4 Once the app is launched, your Android smartphone will connect to your detector. (This may take 30 seconds.) The SmartCord Live Power/Bluetooth Light will turn solid blue to confirm the connection, and the app home screen will display a "connected" message
5 Get started by walking through the ESCORT Live! tutorial, then you're ready to hit the road!

For detailed instructions or troubleshooting tips, visit EscortInc.com

7

Map and Dashboard Views

Map

View your current location, as well as upcoming alerts and markers on your route.

Dashboard

View your speed, speed limit, radar sensitivity, and heading.

8

Customizing

Settings
Customize ESCORT Live! and your detector to your personal preferences.

NOTE: Radar settings are only available when connected to and within range of your detector.
