Sexual Wellness Brand Momotaro Apotheca Launches **Tincture: A Botanical Hemp Infusion**, an All-Purpose Answer for Aches and Pains

It has been far too long that people who suffer from menstrual discomfort are left to their own devices to sort through painkillers, heating pads, or aromatherapy to help control chronic symptoms associated with our monthly cycles. At Momotaro Apotheca, multi-use products and simple, plant-based ingredients are the first line of defense for our bodies and the planet.

The vulvovaginal wellness brand is expanding its topical line of products to offer its first oral supplement to help the body and mind find rest and relaxation while easing gastrointestinal and reproductive pain.

Tincture is a water-soluble botanical infusion formulated with Certified Organic ingredients known for their calming effects on the nervous system including full hemp flower, chamomile, ginger root, and raspberry leaf. These plant-based ingredients have been carefully chosen for their anti-inflammatory, antispasmodic properties, and are rich in antioxidants and phytonutrients that may help promote muscle relaxation, increase blood flow, and decrease cortisol levels to help ease physical and psychological stress.

Designed for anyone wishing to address uncomfortable periods, pelvic pain, or day to day stressors, this Tincture is safe to be taken throughout the day to manage aches and pains and in the evening to prepare the body and mind for rest.

Grown, mixed, and bottled in Portland, Oregon in collaboration with [Danodan Hempworks](#), Momotaro Apotheca utilizes a proprietary extraction process to create the cleanest, purest full plant product available. This Tincture is Certified Organic, Vegan, Cruelty Free, Gluten free and full-spectrum hemp that is not made with any isolate, distillate, or CO2 extracts. For more information visit momotaroapotheca.com.

Ingredients: Glycerine**, Ginger Root**, Rosehips**, Chamomile**, Raspberry Leaf**, Dandelion Root**, Spearmint**, Rooibos**, Fennel**, Hemp. *This product does not contain THC.

About Momotaro Apotheca

Momotaro Apotheca is a proactive sexual self-care line designed to address common yet uncomfortable vulvovaginal issues like itching, infection or general irritation. Certified organic plant-based ingredients safely support the body's natural ability to self-regulate and help it heal itself without interfering with hormones, pH level, or pheromones for gentler, systemically more effective products that address the physical and psychological issues associated with sexual health.
