

To Install

Fig. A

Ensure given rods are inserted into sleeves along zipper (Fig. A).

Fig. B

Fig. C

Using rods, slip cover over umbrella (Fig. B), ensure all ribs are encased. Pull cover securely down over umbrella (Fig. C) and tuck bottom of ribs into lower section of cover.

Fig. D

Fig. E

Once umbrella is tucked into cover, use cord to close zipper (Fig. D). Tuck cord through rings in rods to secure and prevent loss, or remove rods and store remotely (Fig. E).

To Remove

Fig. F

Fig. G

Remove one of the rods. Slip cord through ring in rod and tuck under zipper head (Fig. F).

Hold cord and use rod to push zipper head up, unzipping cover (Fig. G). Re-insert rod into sleeve along zipper, as shown in (Fig. E).

Untuck lower umbrella ribs from cover.

Using rods, remove cover from frame (Fig. C & Fig. B).
