REASONS TO CHOOSE STARFIRE DIRECT

EXTENSIVE

Most outdoor patios aren't complete without the bare essentials like heaters, fire features, furniture, shade, and cooking. Why waste time shopping around when you can find it all in one convenient place! We have exactly what you need for your next project, and you can count on us to get it delivered on time and on budget.

COMPETITIVE

Our customers expect the highest quality products at the best prices. Because of our national distribution capabilities and quantity purchasing power, we are able to pass valuable savings on to you. Work with us and start saving today!

TRENDSETTING

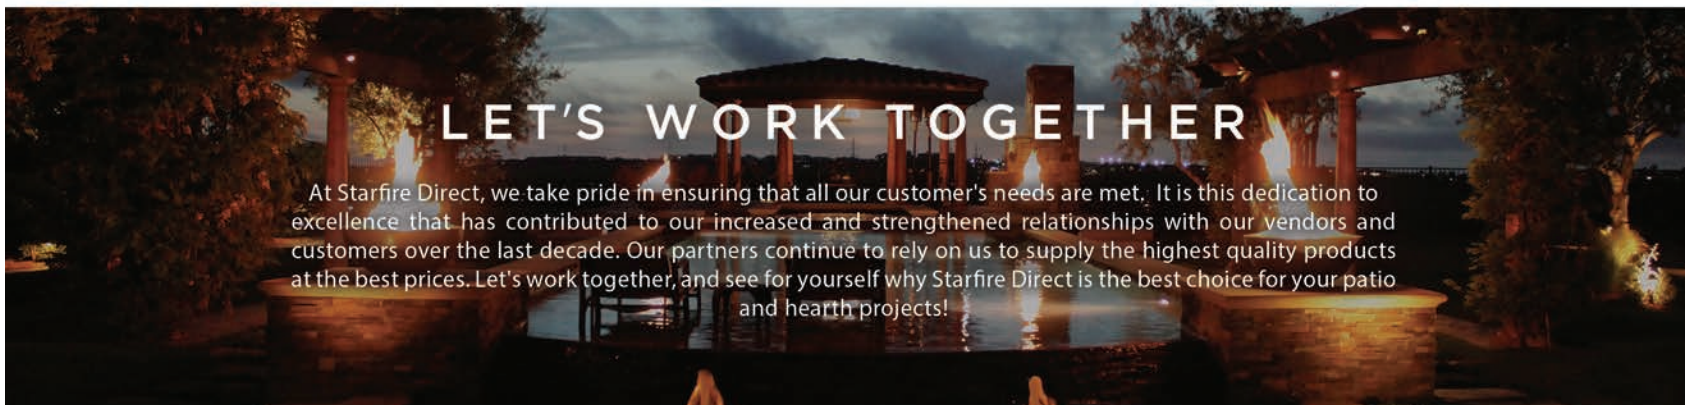

Give us the chance to work hard for you and bring your vision to life. Our staff has been trained to understand which products work best in different environments and settings. We'll tap into our vast repertoire of product experience and offer suggestions that will enhance your outdoor experience. In addition, we love to help with custom projects. Starting with initial sketches, then on to CAD mock-ups and 3D renderings, and finally off to production, we will make sure your custom design comes to life.

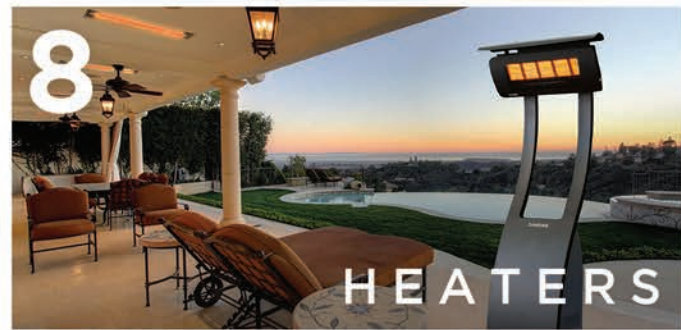

SUPPORT

When you've got questions, we've got answers. Our dedicated support team has been factory trained and certified to better help you get the answers you need concerning your most challenging projects. In addition, we are available to you seven days a week via phone, chat, video conference, or e-mail. Bottom line is we are here to help, and you can count on us every time!

EXPERIENCE

For over 10 years, we've been working hard to bring our customers the best products on the market. We're constantly relaying our customer experiences back to our suppliers to help improve their products and realize their full potential. As a result, we've built solid relationships both with our vendors and our customers as we work together to provide the best products and experiences.

FIRE FEATURES

From restaurants and hotels to breweries and private homes, everyone can benefit from an amazing fire feature. With hundreds of designs, sizes, and systems to choose from, you will find the right fire feature for your client or project. Choose an outdoor gas fire pit or fire bowl; all of which offer convenience, safety, and quality.

COPPER CANYON

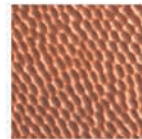

CANYON

SPARTAN
40"W / 120"L / 18"-22"H
Custom sizes available.

MACHINE HAMMERED TEXTURE

These stunning precision fire pits were created to compliment any outdoor patio. We start by using machine-dimpled copper sheets which are cut and shaped by hand. A bronze patina is applied to give them a beautiful two tone natural look, and then they're finished off with an industrial strength clear coat to lock in the color and protect it from the elements. A top seller, the Copper Canyon line is sure to impress.

MORENO

CONO
42"-60" DIA / 15"H

COPA
45"-54" DIA / 15"H

CUSTOM FIRE

Starfire Direct specializes in custom fire features for high-end residential and commercial installations. Our custom fire pits are hand crafted with the highest attention to detail using only the best materials.

SUBMIT A DESIGN

Call your Starfire Representative or simply go online to submit your ideas.

WORK WITH A SPECIALIST

We will take the time to help you design and fulfill all the requirements your project calls for.

ENJOY THE BENEFITS

There is nothing like a custom-designed fire feature. See your ideas come to life and enjoy years of warmth.

Accent fire bowls compliment any pool or landscaping design.

A Starfire Designs original, our copper Spartan fire pit is a favorite for commercial and residential applications alike.

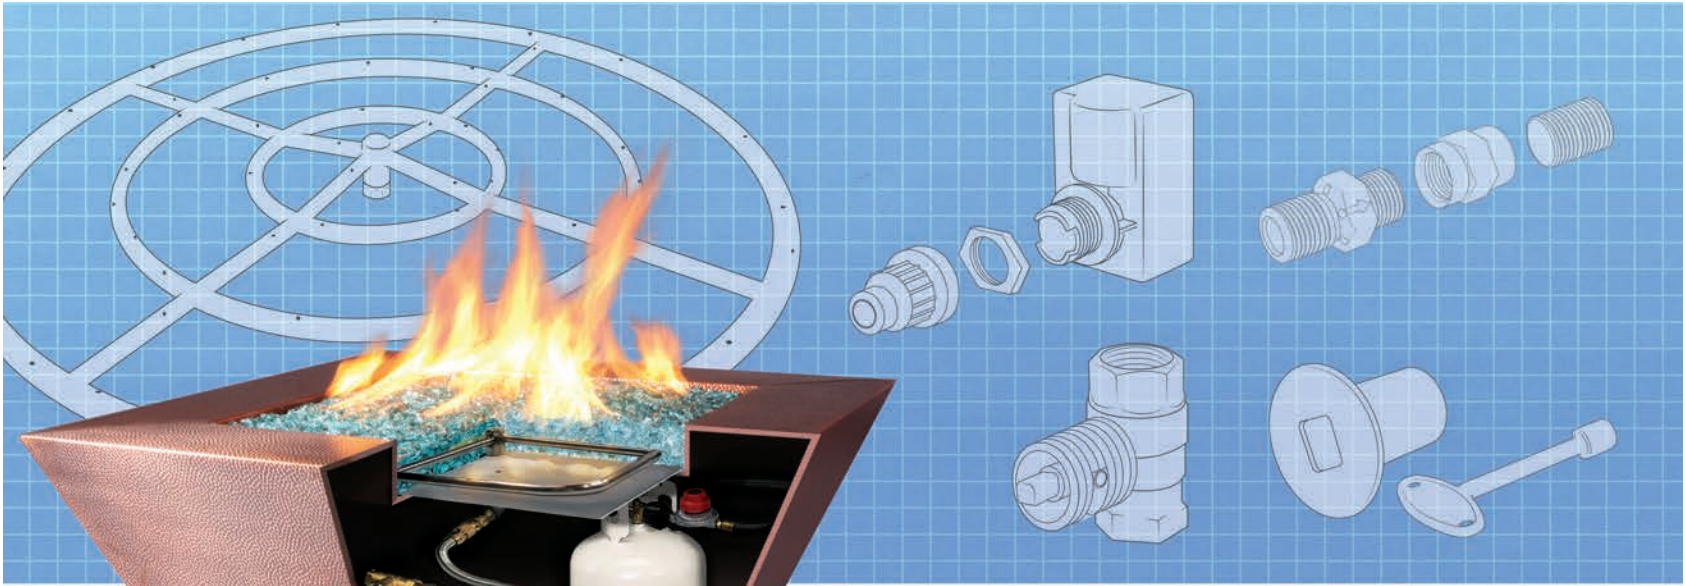

Send us your custom project and we'll engineer exactly what you need.

We specialize in complete patio projects for restaurants, hotels, resorts, and more.

Partner with Starfire Direct on luxury and elite projects, when second best simply won't do.

FIRE PIT INSERTS

In addition to the fire feature itself, we have all of the accessories needed to finish the job. A popular choice for custom fire features, and often required for commercial applications, is an automated ignition system that can be controlled using bluetooth app, wall switch, remote, or timer. We also carry protective covers, glass wind guards, DIY burner pans, fire rings, key valves, connection kits, and necessary hardware.
