This accessory is designed to custom-fit our outdoor products and effortlessly protect your product with simple adaptation of installation as you transition through the seasons.

The cover/bag includes weatherproof zips and seams in addition to hardy thick waterproof material that is highly resistant to mould, tearing and fading, keeping your product safe from the elements all year round. You do not need to remove the glass fire screen before covering.

- One cover for every season
- Custom-fit for our outdoor collection
- Durable SANO-TEX fabric is 100% solution-dyed polyester
- Breathable fabric resists mould and mildew
- Resists shrinkage, fading, UV rays and harsh weather
- Holds its shape without tearing or stretching
- All-weather fabric is water-resistant
