

Nothing quite compares to the excitement and joy that moving into a new home can bring. Few things make your house feel like home like the warmth and glow of an inviting hearth fire. With that in mind, Real Fyre brings you the Fyreside Builder **Vented** Series Gas Logs. Designed with the home builder and architect in mind, these beautifully crafted logs are the perfect addition to add a warm and cozy touch to any new home. Available with a manual or remote control option. Quantity discounts are also available.

WHERE BEAUTY, EFFICIENCY, AND ECONOMY MEET

Vented Series
