0.25 (kgs) / 0.55 (lbs)

Specifications are subject to change without notice. Please retain the instructions for further reference, as they contain important information.

Important Safety Information

1. Read these Instructions.
2. Keep these Instructions.
3. Heed all Warnings.
4. Follow all Instructions.
5. Do not use the apparatus near water.
6. Clean only with dry cloth.
7. Do not place any heat source or combustible materials near the apparatus.
8. Only use attachments/accessories specified by the manufacturer.
9. Do not use the apparatus during storms or when there is heavy rain.
10. Refer to the service or qualified personnel for servicing. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, or operates normally, or if the apparatus has been dropped.
11. WARNING: To reduce the risk of fire or electric shock, do not expose the apparatus to rain or moisture.
12. CAUTION: To reduce the risk of fire or electric shock, do not expose batteries to extreme heat such as sunshine, fire or other heat sources.
Before you get started

REMoviNG THE TRy Me TAb
Before you operate the unit, please make sure the illustrated TRY ME tab has been removed. The unit cannot function normally if the tab has not be removed.

CHARGING THE UNIT
1. Insert the included USB charging cable into the unit micro USB port.
2. Plug the other end of the cable into computer USB port or other USB charging device (not included). We recommend to charge the unit 4 hours to ensure it is fully charged.
3. The charging indicator will light while the unit is charging. The indicator will turn off once the unit is fully charged.

NOTE: Please charge the unit when you see the disco light on the body flashing red.

USING A BLUETOOTH DEVICE
2. Once the unit is switched on, you will hear the Bluetooth sound indicating it is ready to be paired. You may also press and hold the MIC VOL +/- buttons together to initiate the pairing mode.
   Switch on the Bluetooth function of your Bluetooth compatible device within three feet of the unit. You will see “Singing Machine” appear on your device’s search list.
   Select “Singing Machine” to start pairing. Wait for completion of the pairing until you hear a beep from the unit. Please always refer to the user manual of your Bluetooth device for detailed instructions.

Note: If your Bluetooth device prompts you for a passcode during the pairing process, please enter “0000” to connect. If pairing fails, repeat steps. If you have paired before, a list of previously searched devices will be displayed. Select “Singing Machine” again. On some Bluetooth devices (i.e., computers) once pairing is complete, you must select your Bluetooth device as “Use as Audio Device” or similar.

MUSiC PLAYbACK AND MUSiC VOLUME
Song selection and volume can be controlled from your Bluetooth Device. Adjust the music volume to a comfortable level.

SING-ALONG MICROPHONE
3. The microphone can be easily located on top of the unit. You can always sing through it when the unit has been switched on.
4. You can adjust the microphone volume by pressing the MIC VOL +/- buttons on the unit. PRESS THE ECHO +/- BUTTONS TO TURN THE MICROPHONE ON.
5. You can press the ECHO +/- buttons to increase/decrease an echo effect to your voice. 
6. You will hear a beep when it is at the maximum level
7. The light will be turned off.

Energy Saving Mode
(Auto Power System-APS)

The unit will automatically switch off after 30 minutes in the following situations:
1. There is no singing into the microphone.
2. The Bluetooth music has been stopped.
3. The unit can be switched on again by press and hold: POWER/LED button.
APS is for energy saving purposes.

Troubleshooting Guide

Should this unit exhibit a problem, check the following before seeking service.

No Power
- Power is not on, press and hold the POWER/LED button to turn power on.
- Confirm that the unit is charged.

No Sound – General
- Volume is set to minimum, raise volume of your Bluetooth music device by its volume control
- No sound from the microphone
- Make sure the TRY ME tab has been removed.
- Microphone volume is set to minimum, raise microphone volume by pressing MIC VOL + button.
- Bluetooth reception failure
- Put the external Bluetooth device close to the unit.
- Pair the unit with the Bluetooth Device as the procedures stated in this manual.
