

2020/2021 PRODUCT GUIDE

Protecting Clinicians, Patients, and the Practice.

Palmero is now a proud member of HuFriedyGroup

Don't Take Chances, Take Control with Palmero.

When it comes to infection prevention and control, you can't afford to take risks. For over 60 years, Palmero Healthcare has kept the dental community safe and secure with a complete portfolio of protective products. We are Palmero Healthcare and we don't take chances, we take responsibility.

Palmero Healthcare has been committed to bringing a wide range of infection prevention products such as hospital-level disinfectants, barrier products, and safety products to the dental community.

We take pride in knowing that our legacy will continue to expand and flourish as a proud member of HuFriedyGroup, the dental division of Cantel Medical. With quality and reliable dental products, Palmero's goal is to become the recognized brand and leader in infection prevention and safety products.

Mission:

To provide infection prevention and safety products that protect clinicians, patients, and the practice.

National and International Memberships:

Certifications: Certified ISO 9001:2015, Certified System ISO 9001 QMI-SAI Global

WHAT'S NEW

HVEsolo™ Disposable Evacuation Tips 50/bag

- Our short (2.5" length), lightweight shaft is uniquely designed for solo practitioner use of the high-volume evacuation (HVE) in non-dominant hand.
- Reduce aerosol contamination and effectively eliminate fluid and debris from the oral cavity for improved visibility, patient acceptance and clinician comfort.

See page 8 for more details

Foaming Hand Sanitizer 8 oz.

- Kills 99.99% of bacteria in 30 seconds without the use of soap or water
- Economical, proprietary formula leaves hands smooth and soft
- Fragrance-free
- Contains 62% ethyl-alcohol to meet hand asepsis guidelines

See page 5 & 12 for more details

Dynamic Disposables™ Safety Eyewear

- Our office packs for grey and orange bonding lenses is part of our newest addition to our Dynamic Disposables safety eyewear line
- A lightweight, disposable, cost-effective alternative eye protection that reduces eye splash contamination incidents

See page 31 for more details

Tablet Barrier Sleeves 100-Pack 8" x 11.5"

- Designed to protect sensitive touch screen tablet devices by minimizing disinfection requirements
- Easy application disposable sleeves accelerate operator turnover
- Adhesive strip securely protects touch screen tablet device
- Compatible with iPad® or tablet

See page 14 for more details

ProVision® Anti-Fog Solution 8 oz. & 1.7 oz.

- An alcohol-free optical foaming cleaning solution that resist scratches, static, and stains.
- Foam formula yields 5 times the applications compared to a traditional pump or squeeze bottle.
- Compatible with all eyewear, face shields, loupes, and scopes.
- Alcohol-free, non-toxic, and non-flammable

See page 9 & 37 for more details

Dynamic Disposables™ Snapeez™ Face Shields Full & Half

- The next generation of disposable face shields is here!
- Our new light-weight, Dynamic Disposables Snapeez face shields provide an easy-to-use snap-on disposable lens feature.
- Meets OSHA bloodborne pathogen guidelines.

See page 32-33 for more details

Protectall™ Upholstery Cleaner Wipes

- Protectall™ Upholstery Cleaner Wipes are premoistened wipes containing an advanced water-based silicone formula.
- Protectall wipes safely protects, cleans, and restores leather, vinyl, plastic, and rubber upholstery surfaces like x-ray aprons and dental unit chairs.
- Protectall is recommended for periodic use after disinfecting upholstery surface with DisCide® Ultra surface disinfectant.

See page 4 & 45 for more details

Cling Shield® Smiley Face X-Ray Apron

- Cling Shield® X-Ray product line is designed to protect your staff and patients from harmful radiation.
- Our PROTECTALL™ x-ray apron offers a built-in thyroid neck collar to optimally protect reproductive organs and thyroid gland.

See page 40-42 for more details

ProVision® New Safety Eyewear

- Palmero is the leading safety eyewear brand providing an impressive range of trendy eyewear including safety, bonding, disposable and magnifying styles for clinicians and patients.
- We're excited to introduce our newest safety eyewear line with 13 new designs to enhance protection and comfort for your practice, staff, and patients!
- All of our ProVision® safety eyewear meets ANSI Z87.1: Eye and face protection standard with UVA and UVB protection.

See page 17-30 for more details

ProVision® Crystal Clear Anti-Fog Solo Wipes 100-Pack

- As an addition to our Eyewear Maintenance product line from lens station to optical wipes and cleaning solutions, we're now offering convenient individually wrapped anti-fog wipes!
- Great for eyewear and goggles.

See page 5, 9, & 37 for more details

Clean Operatory, Clean Conscience.

At Palmero Healthcare, we don't just think about cleaning products, we obsess over them – from trusted cleaners like DisCide® XRA hand sanitizing wipes to specialized products like Vacuum Shock and Clean for evacuation systems. Because, at the end of the day, a clean operatory comes with a clean conscience.

WIPES

Protectall™ Upholstery Cleaner Wipes

- Premoistened wipes containing an advanced water-based silicone formula
- Safely protects, cleans, and restores leather, vinyl, plastic, and rubber upholstery surfaces like x-ray aprons and dental unit chairs
- Recommended for periodic use after disinfecting upholstery surface with DisCide® Ultra surface disinfectant
- Evenly wipe down the surfaces with Protectall™ wipes and allow to dry to touch

Ref #	Size	Quantity
3800	10" x 12"	50 count canister

Versi-Wipe™ Dry Towelettes

- Can be used as a dry or moist wipe
- To customize your wipes, simply add soap water solution or your preferred solution
- Includes OSHA-compliant, fill-in blank labels for personalized labeling
- Container/lid does not contain latex

Ref #	Size	Quantity
3516	6" x 6 3/4"	160 count canister

Refreshing Patient Facial Towelettes

- Improve your patient experience with lightly scented facial wipes
- New calming lavender scent, now formulated with natural oils
- Improved softer towelette sheets
- Container/lid does not contain latex

Ref #	Size	Quantity
3515	6" x 6 1/2"	120 count canister

ProVision® Crystal Clear Optical Cleaning Wipes

- Convenient wipes premoistened with anti-fog, anti-static lens cleaning, and polishing solution
- Cleans dirt, grease, and debris from eyewear
- Container/lid does not contain latex

Ref #	Size	Quantity
3534	6" x 6 3/4"	160 count canister

ProVision® Crystal Clear Anti-Fog Solo Wipes

- Cleans lenses while providing long-lasting, anti-fog protection
- Safe and effective for use on uncoated lenses including polycarbonate, acrylic, and glass
- Dispenser box contains 100 premoistened individually wrapped towelettes
- Great for eyewear and goggles

Ref #	Size	Quantity
3534S	8" x 5"	100 wipes/box

Citrisol™ Orange Solvent Towelettes

- Two-ply premoistened orange solvent towelettes with lanolin
- One side is abrasive to loosen dirt and grease with a reverse smooth side to wipe clean
- Quickly removes cements, impression materials, adhesives, grease, gum, tar, and more

Ref #	Size	Quantity
69	9 1/2" x 12"	70 count canister

DisCide® XRA Hand Sanitizing Wipes

- Kills 99.9% of disease-causing microbes
- Contains aloe and vitamin E to soothe and moisturize the skin
- Fresh wintergreen fragrance
- Dries in seconds to ensure staff compliance with hand asepsis guidelines

Ref #	Size	Quantity
3500	6" x 8"	160 count canister

HAND ASEPSIS

DisCide® Effect Professional Hand Asepsis Soap

- A professional hand asepsis soap with aloe vera, vitamin E, and fresh almond scent to promote healthy skin and staff compliance
- Quickly and easily removes all soils and greases without irritation to even the most delicate hands
- Pearlescent viscous formula produces a dense creamy lather and contains no alkali or other irritants
- Container/lid does not contain latex

Ref #	Description	Quantity
3543	DisCide Effect Pump	Quart Bottle Pump Dispenser
3542	DisCide Effect Refill	Gallon Refill

Foaming Hand Sanitizer

- Kills 99.99% of bacteria in 30 seconds without the use of soap or water
- Economical, proprietary formula leaves hands smooth and soft
- Fragrance-free
- Contains 62% ethyl-alcohol to meet hand asepsis guidelines

Ref #	Description	Quantity
3501	Foaming Hand Sanitizer	8 oz. (237 ml) Bottle Pump Dispenser

EVACUATION

From Screen to Clean

The Two-Step System Too Simple to Ignore

Keeping your evacuation line clean is an important part of keeping your HVE and saliva ejector running smoothly. Vacuum Shock and Vacuum Clean are an easy two-step system that keeps high/low speed lines clean and fresh. When used in conjunction, the time-release formulation ensures your line is protected around the clock. Our Evacuation Product Line features neutral formulations with a pH of 7 that follows best management practices (BMPs) identified by the EPA to help ensure the efficiency of amalgam separators. These products do not contain bleach, chlorine, iodine, peroxide, or any oxidizers. Don't let a compromised evacuation system make problems for your practice, use the one-two punch that keeps evacuation lines happy.

E-VAC System Kit

- Convenient, all-in-one Vacuum Shock and Vacuum Clean Evacuation System Maintenance Kit
- Kit includes 6-tablets/jar of Vacuum Shock and 45-tablets/jar of Vacuum Clean

Ref #	Quantity
3547S	2 jars

Vacuum Shock™

- First stage in Palmero 2-Step Evacuation System Maintenance Kit
- Time-released tablet; use 1 tablet monthly
- Removes accumulations and keeps vacuum lines clean to restore vacuum pressure and extends pump life
- Compatible with amalgam separator systems
- Neutral (7 pH) formulation follows EPA Guidelines for waterline management
- Does not contain bleach, chlorine, iodine, peroxide, or any oxidizers

Ref #	Quantity
3546	6 tablets/jar

Vacuum Clean™

- Second stage in Palmero 2-Step Evacuation System Maintenance Kit
- Time-released tablet; use 1 tablet weekly
- Continuously cleans evacuation system lines
- Restores pressure, and extends pump life
- Keeps vacuum lines functioning at peak efficiency
- Can be used as a cost effective detergent to clean high/low speed lines from tip to trap by dissolving 5 tablets in the Pour and Clean pre-mix bottle (3547P) for premixing concentrate
- Compatible with amalgam separator systems
- Neutral (7 pH) formulation follows EPA Guidelines for waterline management
- Does not contain bleach, chlorine, iodine, peroxide, or any oxidizers

Ref #	Quantity
3547	45 tablets/jar

Shock & Clean Starter Kit

- The one-two punch for evacuation system maintenance in one convenient kit
- Kit includes 1 jar of Vacuum Shock, 1 jar of Vacuum Clean and 1 Pour & Clean Bottle for premixing
- Clean tablets can be used as a cost effective detergent to clean high/low speed lines from tip to trap by dissolving 5 tablets in the Pour and Clean pre-mix bottle for premixing concentrate

Ref #	Quantity
3546K	1 kit

Pour & Clean Bottle

- Measuring container to prepare rinse treatment for the HVE and low-speed lines
- Convenient pre-measured compartments with easy markers for easy mixing and pouring of solution

Ref #	Quantity
3547P	16 oz. container

Shock & Clean Convenient Operator & Trial Kits

- 2-step system keeps vacuum lines functioning at peak efficiency
- Cleans and maintains your evacuation system
- No fuss, easy-to-use operator kits premeasured for 16-day schedule
- Convenient packages for operatory storage. Kit includes 6 tubes, each containing 16 Vacuum Clean tablets and 1 Vacuum Shock tablet. (also available in a single trial tube)

Ref #	Quantity
35460	6 tubes kit
3546TK	1 trial tube

Evac Screens

- Helps avoid contact with potentially hazardous material
- Keeps debris from lodging in evacuation lines
- Disposable screens color-coded by size and fit

Ref #	Size/Description	Quantity
1805	Blue, 2 1/8" A-DEC with plastic canisters	144 screens/box
1807	Green, 1 7/8" Belmont, Biotec, Chayes, Dentech, DentalEZ, Pelton/Crane, Proma and others	144 screens/box

CLEAN

HVEsolo™ Disposable Evacuation Tips

Uniquely designed for clinicians performing power instrumentation (air polishing/ultrasonic) procedures without an assistant

- Prevent disease transmission with HVE as it's been shown to reduce contamination arising from the operative site by more than 90%*
- 3 vent design and smooth round edges gently retract lip/cheek and protect soft tissues to maximize patient comfort
- Proper venting and a wide scoop tip design maximize suction to clear the field of fluid and debris efficiently
- Reduced shaft length (50%) lessens tension/draft from the hose and allowing a more neutral wrist positioning for clinician comfort
- Beveled interface smoothly inserts into standard HVE adaptor
- Does not contain latex

* Aerosols and splatter in dentistry HARREL, STEPHEN K. et al. JADA Volume 135, Issue 4, 429 -437

Ref #	Size	Quantity
1808S	2.5" Length	50/bag

Saliva Ejector Screens

- Universal fit disposable saliva ejector screens
- Keeps debris from being aspirated and lodged in the lines

Ref #	Quantity
1602	25 pack
1602A	50 pack
1602C	75 pack
1602B	100 pack
1602D	250 pack

Ultra Super Sonic

- Technologically advanced ultrasonic and instrument pre-cleaning tablet
- Engineered to achieve maximum instrument cleaning and proper removal of bacteria, debris, and bioburden
- No mixing required, tablet is self-dissolving
- Contains cleaning properties for efficient ultrasonic cleaning or presoak
- Non-toxic and non-corrosive

Ref #	Quantity
3559	30 tablets/jar

SCRUBBERS/BRUSHES

- Scrubbers help effectively remove debris from instruments before cleaning and sterilization
- Hand scrub brushes assist staff and clinicians with hand washing and surgical hand scrubbing
- Stiff bristles and sturdy ergonomic handles
- Autoclavable, high-impact plastic

Ref #	Size/Description
1868	Hand Scrub Brush, 3 1/2"L x 1 1/2"W, with 1/2" bristle length, white
1868H	Super Scrubber, 4"L x 2"W, with 3/4" bristle length, white

INSTRUMENT SCRUBBING SYSTEM

- Mechanical scrubbing system made of autoclavable material
- Built-in suction base to secure the tub in place
- Scrubbing system thoroughly cleanses instruments and the outer bioburden surface of handpieces before sterilization
- Recommend use with an approved solution such as DisCide® ULTRA disinfectant

Ref #	Quantity
1952	Scrubbing Complete Kit
1952R	Replacement brushes (set of 8)

LENS CLEANING

ProVision® Crystal Clear Anti-Fog Solo Wipes

- Cleans lenses while providing long-lasting, anti-fog protection
- Safe and effective for use on uncoated lenses including polycarbonate, acrylic, and glass
- Dispenser box contains 100 premoistened individually wrapped towelettes
- Great for eyewear and goggles

Ref #	Size	Quantity
3534S	8" x 5"	100 wipes/box

ProVision® Crystal Clear Optical Cleaning Wipes

- Convenient wipes premoistened with anti-fog, anti-static lens cleaning, and polishing solution
- Cleans dirt, grease, and debris from eyewear
- Container/lid does not contain latex

Ref #	Size	Quantity
3534	6" x 6 3/4"	160 count canister

ProVision® Anti-Fog Solution

- Compatible with all eyewear, face shields, mirrors, loupes, and scopes
- Resists scratches, static, and stains
- Foam formula yields 5 times the applications compared to a traditional pump or squeeze bottle
- Alcohol-free, non-toxic, and non-flammable

Ref #	Size	Quantity
3533	8 oz. (237 ml)	1 bottle
3536	1.7 oz. (51 ml)	1 bottle

ProVision® Lens Cleaning Station

- Convenient eyewear and lens cleaning station
- Designed for countertop placement or wall mounting with hanging hardware
- Station includes 8 oz. pump spray bottle of optical cleaning solution and 600 dry wipes

Ref #	Size	Quantity
3535	7 3/4" x 8" x 5"	1 station

DISINFECT

Accelerate Operatory Turnover with DisCide® Ultra Disinfectant

With intermediate level DisCide Ultra, our surface disinfectant and decontaminant cleaner, you can accelerate the way you disinfect clinical settings. In just 60 seconds, DisCide Ultra is effective against TB, viruses (HBV, HCV, RSV, HIV-1), bacteria (MRSA, VRE, E. coli), and fungi (C. albicans). Specifically formulated to resist evaporation, it's non-corrosive, non-staining, and leaves no residue. Plus, it meets OSHA's blood-borne pathogen standard. Pre-mixed for the ultimate in convenience, DisCide Ultra is available in identical formulations in both spray and towelettes formats to ensure efficacy when liquid and towelette are used in tandem. DisCide to be sure with fast acting DisCide Ultra.

SURFACE DISINFECTANTS

DisCide® ULTRA

- Hospital-level, one-step, ready-to-use quaternary ammonium, intermediate high-level alcohol-based disinfectant
- Proven to kill deadly pathogens in one minute or less for accelerated operatory turnover
- Non-corrosive and non-staining with pleasant herbal scent and no unsightly residue
- FDA and EPA registered
- Container/lid does not contain latex
- Available in towelettes, spray, or bulk gallon refill

PROTECT

Stand and Deliver

The Palmero Healthcare portfolio of protective products has the confidence to stand up to your convictions. From eyesight protection to radiation mitigation wear, we'll stand and deliver protection with the Palmero Healthcare line of safety products.

BARRIERS

Films

- Polyethylene film with a low-tack adhesive that adheres to most operatory surfaces, leaves no residue, does not contain latex
- Accelerates operatory turnover, makes cleanup between patients fast and easy
- Protects equipment from harmful chemicals by minimizing disinfection requirements and staff and patients from cross-contamination
- Available in a variety of sizes and colors, packed in a corrugated film box that serves as a dispenser

Ref #	Size	Description	Quantity
1803B	4" x 6"	Blue	1200 sheets/roll
1803C	4" x 6"	Clear	1200 sheets/roll
1803M	4" x 6"	Mauve	1200 sheets/roll
1803CP	4" x 6"	Blue Bear Print	1200 sheets/roll
1865C	2 1/2" x 6"	Clear	1200 sheets/roll
1866C	6" x 9"	Clear	800 sheets/roll
1867C	12" x 14"	Clear	514 sheets/roll

Accessories

Plastic Durable Dispensers (film not included), See ORGANIZE, Page 54

Keyboard Film

- Perforated, plastic sheets with a light adhesive that covers virtually any keyboard
- Packed in a corrugated film box that serves as a dispenser
- Prevents cross-contamination and leaves behind no residue, does not contain latex

Ref #	Size	Description	Quantity
1802	9" x 19"	Keyboard film	800 sheets/roll

Protector Sleeves

- Convenient disposable plastic sleeves to protect your instruments/equipment, saves time between patients
- Prevents cross-contamination, does not contain latex
- Easy to apply and remove, quick clean-up after every procedure
- Available in a variety of styles and sizes

Tablet Barrier Sleeves

- Designed to protect sensitive touch screen tablet devices by minimizing disinfection requirements
- Easy application disposable sleeves accelerate operatory turnover
- Adhesive strip securely protects touch screen tablet device
- Compatible with iPad® or tablet

Ref #	Size	Quantity
1804	8" x 11 1/2"	100/box

T-Light Handle Protector Sleeves

- Fits over all "T" style handles
- Reduces the risk of cross-contamination from repeated touching of lighting

Ref #	Size	Quantity
1914	5 3/4" x 4 1/4"	500/box

Tubing Protectors

- Keeps tubing clean and safe from contaminants, can also be used on armrests
- Roll can be cut to desired length, comes in 2 width sizes

Ref #	Size	Quantity
1912	2 1/4" wide	1200/roll
1912B	3" wide	1200/roll

Digital X-Ray Sensor Protectors

- Disposable plastic covers for digital x-ray sensors
- Universal fit for a variety of manufacturer's equipment

Ref #	Size	Film Size	Quantity
1915A	2 1/2" x 10"	2	500/box
1915X	2 1/2" x 10"	2	50-Pack of 1915A
1970	1 3/8" x 8"	0/1	500/box
1971	1 5/8" x 8"	2	500/box

Chair Protectors

- Protects dental units from long-term use of cleaners and disinfectants and saves time

Ref #	Description/Size	Quantity
1901	Half Chair, 14" x 13 3/4" x 23"	225/roll
1902	Full Chair, 39" x 84"	175/roll

Headrest Protectors

- Reduces cross-contamination and provides cleanliness between patients

Ref #	Size	Quantity
1918A	11 1/2" x 3" x 8 3/4"	250/box
1918B	14 1/2" x 3" x 9"	250/box

X-Ray Head Protectors

- Prevents x-ray equipment from chemicals and cross-contamination

Ref #	Size	Quantity
1910	15" x 26"	225/roll
1910B	23" x 28"	225/roll
1920	10" x 6" x 24"	500/box, for use with Nomad x-ray

Bite Block Protectors

- Clear, convenient plastic barriers for use with panoramic x-ray and Siemens machine bite blocks

Ref #	Size	Quantity
1850	Pano 1" x 2"	1000/box
1850S	Siemens 1 1/2" x 3"	500/box

Delivery System Protectors

- Covers and protects your delivery system from chemicals, cross-contamination, and aerosols

Ref #	Size	Quantity
1911A	19" x 19"	500/box

Air/Water Syringe Protectors

- Protects non-autoclavable parts from cross-contamination

Ref #	Size	Quantity
1915	2 1/2" x 10"	500/box

Syringe Tip Covers

- Disposable, rotatable plastic syringe tip cover
- Designed to easily slide over all air/water syringes

Ref #	Description	Quantity
1950	White	100/bag
1949	White	250/bag

EYEWEAR & SHIELDS

Eye Safety Doesn't Have to Make You Look Uncool

Palmero offers an impressive range of trendy eyewear including safety, bonding, disposable, and magnifying styles. Our safety eyewear meets the ANSI Z87.1 eye and face protection standards with UVA, UVB and blue light protection. We also offer accessories such as clip-on lights, magnifiers, and lens cleaning station and maintenance products.

Implement an Eye Conservation Program for your Practice

Select safety eyewear that serves dental professionals and patients in your practice on multiple levels to: eliminate blue light exposure; protect against spray, splash and splatter for infection control; protect from high impact flying projectiles that can cause permanent damage to the eye and are comfortable enough to insure compliance.

A Guide To Eyewear Parts And Terms

NEW
Designed to meet the ANSI Z87.1 standard

- Enhanced with pantoscopic tilt feature provided with telescopic and ratcheting temple arms allowing for customizable fit and optimal comfort
- Adjustable temples allow for broader facial structures fit
- Upscale black frame and clear wraparound lens with anti-fog and anti-static features
- Soft micro ribbed nose bridge grip for secure, non-slip fit
- Nose pads do not contain latex
- Top vented silicone brow guard venting to reduce fogging
- Detachable and replaceable lens

ProVision® Infinity, See Page 21

The Four C's of Safety Eyewear

Certified + Clarity + Comfort = Compliance

CERTIFIED Meets industry standards and guidelines for lens, cornea and retina protection i.e., ANSI Z87.1, OSHA and CDC. Wraparound design for full coverage. Manufactured from high impact resistant materials to protect from flying debris and projectiles. Specialty bonding lens filters out damaging Blue Light 400 nm-500 nm levels to the retina.

CLARITY Excellent optics for visual acuity provided by anti-fog coating, scratch resistant technologies, and superior lens designs.

COMFORT Broad range of frame, temple and nose bridge styles to provide an individualized fit for all day security and optimal comfort.

COMPLIANCE Willingness and discipline to use safety eyewear for patients and clinicians, in every procedure, every day.

Did You Know?

Palmero Provision Eyewear provides full eye protection as the polycarbonate material filters out 99.99% of the harmful UV rays to the front of the eye, protecting the cornea and the lens.

- Light is electromagnetic radiation within a certain portion of the electromagnetic spectrum.
- Visible light is usually defined as having wavelengths in the range of 400–700 nanometers (nm), between the infrared (with longer wavelengths) and the ultraviolet UV [with shorter wavelengths].
- UV rays are unseen from the human eye but can cause damage due to long term exposure.
- UV light affects the front of the eye

Electromagnetic Spectrum of Wavelengths

Dangers of Light to the Eye

UV light affects the front of the eye. Blue light affects the back of the eye.

NEW

ProVision® Air™

Did You Know?

- Lens tilt improves the way a lens works and contributes to how well a pair of glasses fits. Tilt is dependent on the interaction of the heights of the ears and bridge of the nose.
- Pantoscopic tilt refers to the frame alignment in the up and down position of the frame.
- Palermo's ProVision Infinity design addresses pantoscopic tilt with adjustable telescopic and ratcheting temple arms for customizable fit and optimal comfort.

Pantoscopic Tilt

The angle of the lenses as they sit on a clinician's face

ProVision® Clarity™

- Lightweight, frameless, flexible, translucent wrap (24 grams)
- Firm nose pad and soft, rubberized temple tips for comfort and grip

Did You Know?

Palmero ProVision Eyewear provides full eye protection with wraparound eyewear and goggle designs of polycarbonate that meet ANSI Z87.1 standards for high impact resistance to protect from flying debris and projectiles.

- According to the CDC, approximately 2,000 eye injuries occur every day at workplaces in the U.S.
- OSHA currently has adopted ANSI Z87.1 standards as compliant with regulatory requirements for eye protection standards.
- ANSI/ISEA Z87.1 protects the human face in these environments while also acting as an up-to-date guideline by acknowledging any significant changes in the eye and face protector industry.

ProVision® Flexiwrap™

- Lightweight, innovative spring-flex temple design with extreme flexibility to fit any facial structure
- Short temples for a secure comfortable fit and great for patients in the supine position
- Soft touch temple and soft nose bridge
- Full wraparound protection
- Blocks up to 99.9% UVA and UVB rays
- Meets ANSI Z87.1 standard

Did You Know?

Palmero ProVision eyewear line provides anti-fog coatings and solutions to meet CDC guidelines for maintaining clarity of vision as stated in the "Guidance for the Selection and Use of Personal Protective Equipment (PPE) in Healthcare Settings."

"Goggles provide barrier protection for the eyes; personal prescription lenses do not provide optimal eye protection and should not be used as a substitute for goggles. Goggles should fit snugly over and around the eyes or personal prescription lenses. Goggles with antifog features will help maintain clarity of vision."

A Guide To ProVision® Econo Loupes Full 50mm Magnifying Lens

NEW

Designed to meet the ANSI Z87.1 standard

Did You Know?

Palmero's ProVision Econo Loupes was designed with loupes users in mind, featuring a lightweight frame and full magnifying lens that can be used as an alternative to the traditional loupes.

- The use of magnification can help reduce chronic back pain while it improves both the vision and posture of the clinician.
- Investing in traditional loupes can be significant while our Econo Loupes provide an economical magnifier, for a fraction of the cost, providing the needed clarity, magnification, and depth of field to improve clinical outcomes.

Disposables Collection

Did You Know?

ProVision Safety Eyewear and Goggles wraparound lens designs and Dynamic Disposable Face Shields meet OSHA and CDC guidelines and protect against splashes, sprays and splatter from bloodborne pathogens.

"When splashes, sprays, splatters, or droplets of blood or OPIM pose a hazard to the eyes, nose or mouth, then masks in conjunction with eye protection (such as goggles or glasses with solid side shields) or chin-length face shields must be worn."

Bonding Collection

Palmero takes eye conservation seriously by offering a comprehensive line of disposable and reusable eyewear/shields for dental curing light procedures. Dental curing light intensity has increased and studies show many offices do not practice proper eye protection protocols from exposure to the dental curing light. Offer eye protection for everyone in the operatory who could be exposed to the bright light with the appropriate orange (blue light blocking) safety glasses to prevent ocular damage.

Here are four factors to consider when selecting the proper eyewear:

- All bonding eyewear is tested and proven to protect blue light rays between 385-500 nm which exceeds the blue light wavelengths of 450-495 nm
- Select from orange or red polycarbonate lenses for maximum protection
- Filters up to 95% of blue, UVA, and UVB rays
- Comfortable, lightweight, fog-free, and scratch-resistant

ProVision® Bonding Wraps™

- Durable lightweight eyewear with sleek styling and a close fit
- Meets ANSI Z87.1 standard

125	3" diameter

Did You Know?

Palmero ProVision Eyewear portfolio includes specialized bonding eyewear materials that filter out the harmful Blue Light to the back of the eye, protecting the optic nerve and the retina.

- Blue light is being used for multiple dental products and procedures including Bonding, Curing, and Whitening agents.
- Blue Light Radiation has been proven to cause moderate to severe retinal damage to the Dental Professionals and even patients who experience long term exposure over a period of time without wearing any type of optical protection.
- Using eyewear filters to block UV and the blue wavelength of light from 380-495nm is an important eye conservation measure for dental professionals and patients.
- Blue light affects the back of the eye, the retina.

Color	Wavelength
Violet	380-450 nm
Blue	450-495 nm
Green	495-570 nm
Yellow	570-590 nm
Orange	590-620 nm
Red	620-750 nm

Laser Collection

Palmero offers 3 premium laser safety eyewear products.

- Meets ANSI Z87.1 and Z136.1 standard for laser protection
- Optical Density OD >5+
- Filter Specifications 800-830 nm
- Includes upscale storage kit with zippered hard case, draw string bag and lanyard

ProVision® Diode Wraparound Laser Eyewear

- Wraparound black frame with yellow/green polycarbonate filter lens
- Rubber nose pad and foam pad insert along brow provides comfortable fit while the wraparound design ensures your eyes are protected
- Visible Light Transmission (VLT) 68%

- Visible Light Transmission (VLT) 68%

Ref # 3590YG

Ref #	Wavelength	Optical Density (OD)	Lens Color	Visible Light Transmission (VLT)
3589YG	800-830 nm	>5+	Yellow/Green	68%
3588DA	800-830 nm	>5+	Green	50%
3590YG	800-830 nm	>5+	Yellow/Green	68%

Did You Know?

When selecting laser eyewear there are 4 important factors to consider when choosing the proper laser eyewear.

- Consult your laser manual to determine the protection level needed based on laser's output and the recommended Optical Density (OD)
- Select a filter whose specifications match the manual and provides the highest Visible Light Transmission (VLT)
- Find a frame that provides a comfortable fit
- Provide laser eye protection for clinicians, staff and patients

Eyewear Maintenance

ProVision® Crystal Clear Anti-Fog Solo Wipes

- Cleans lenses while providing long-lasting, anti-fog protection
- Safe and effective for use on uncoated lenses including polycarbonate, acrylic, and glass
- Dispenser box contains 100 premoistened individually wrapped towelettes
- Great for eyewear and goggles

Ref #	Size	Quantity
3534S	8" x 5"	100 wipes/box

ProVision® Crystal Clear Optical Cleaning Wipes

- Convenient wipes premoistened with anti-fog, anti-static lens cleaning and polishing solution
- Cleans dirt, grease, and debris from eyewear
- Container/lid does not contain latex

Ref #	Size	Quantity
3534	6" x 6 3/4"	160 wipes/canister

ProVision® Anti-Fog Solution

- Compatible with all eyewear, face shields, mirrors, loupes, and scopes
- Resists scratches, static, and stains
- Foam formula yields 5 times the applications compared to a traditional pump or squeeze bottle
- Alcohol-free, non-toxic, and non-flammable

Ref #	Size	Quantity
3533	8 oz. (237 ml)	1 bottle
3536	1.7 oz. (51 ml)	1 bottle

ProVision® Lens Cleaning Station

- Convenient eyewear and lens cleaning station
- Designed for countertop placement or wall mounting with hanging hardware
- Station includes 8 oz. pump spray bottle of optical cleaning solution and 600 dry wipes

Ref #	Size	Quantity
3535	7 3/4" x 8" x 5"	1 station

Did You Know?

Palmero has a full line of lens care products and disinfectants to meet CDC guidelines for eyewear cleaning and disinfection.

- Reusable protective eyewear should be cleaned with soap and water when visibly soiled as well as disinfected between patients.

Palmero's ProVision eyewear accessories include light weight headlamps that deliver brilliant line of sight light into the field.

X-RAY APRONS & HANGERS

Cling Shield®

- FDA registered, medical-grade textured vinyl backing that clings in place ensuring coverage by preventing slippage
- Made in the USA and custom-made to order
- Available in 2 material types of Vinyl or Nylon and Lead-Free (.3MM) or Lead Lined (.3MM or .5MM)
- Available in a variety of colors and selected silk screen prints

Did You Know:

- Do not fold aprons as it can cause cracking within the lining. See Palmero's assortment of hangers to protect your investment safely.
- All lead aprons have a useful life as their shielding properties wear down gradually. Proper maintenance includes either checking via fluoroscopy or replace if they show any signs of damage.
- The EPA states that recycling the lead apron is the preferred method since it keeps lead out of landfills. Contact Palmero for our environmentally friendly X-Ray Apron Recycle/Trade-in program.

Cling Shield® Child Protectall™ Apron with Integrated Thyroid Collar

NEW

PROTECTALL™ design has a built in thyroid collar with velcro clasp

Available in vinyl or nylon in 10+ colors including new Smiley Face apron for children

Cling Shield® medical-grade textured vinyl backing prevents sliding and provides stability

Easy to clean materials that can be disinfected using **DisCide® Ultra** surface disinfectant and cleaned with **Protectall™ Upholstery Cleaner Wipes** to safely protect your investment **

**With proper use. Data on file.

Integrated nylon loops allow for easy hanging and proper storage

When not in use, store your apron properly on a rack or apron hanger specifically designed for aprons

High density lead and lead free materials effectively shield radiation

47	Brown
48	Clear with Alcohol print

Operatory Essentials

Sometimes it's the little things that can make the biggest impact. Maybe it's the mirrors that reflect on how patients see your practice. Maybe it's the OSHA labels that confirm your commitment to compliance. Or maybe it's the mixing supplies, waste management provisions, patient throws or any of the countless operatory essentials, that you count on every day. All you need to know is that if you need it in your operatory, we've got it in inventory. We are Palmero Healthcare and we'll make sure the little things never become a big deal.

Candeez™ Flexible Mixing Bowls

- Fun, scented or unscented, flexible mixing bowls
- Unique design and material allows for inside-out folding, does not contain latex
- Made from an extremely pliable PVC allowing for easier and more efficient mixing of impression materials
- Large stabilizing base, ultra-smooth surface for bubble-free mixing
- Use with most automatic alginate mixers
- Available in various sizes and translucent colors

Please Note: Bowls are NOT autoclavable. Spatulas are autoclavable to 270°.

TERMS AND CONDITIONS

- ORDERS AND QUOTATIONS:** Contact Palmero Healthcare for a quotation at 1-800-344-6424. All orders may be placed via fax 203-377-8988. Visit our website at www.palmerohealth.com
-
-

MINIMUM INVOICE: \$50.00 minimum invoice order amount. There will be a \$10.00 handling charge for all orders not meeting the minimum \$50.00 order requirement.

- SHIPPING TERMS:** All shipments are F.O.B. Stratford, CT. Drop shipments will be made prepaid, unless otherwise specified, with applicable transportation charges added to the invoice. Common carrier shipments will be sent freight collect, and U.P.S. or Federal Express shipments will be prepaid and added to the invoice. If no shipping instructions are specified with the order, our method of transportation will be deemed acceptable. Palmero reserves the right to make partial shipments, unless specifically requested otherwise. If a special request is made, an additional handling charge will be included on the invoice to cover the resulting processing and carrier charges.

- PAYMENT TERMS:** All invoices are payable net 30 days from date of invoice. Palmero reserves the right to refuse orders, suspend credit, and cancel unfulfilled orders when credit conditions of a customer warrant such action.

ACCEPTANCE: All orders are subject to Palmero's approval. Palmero Healthcare reserves the right to alter the design or form of any product or discontinue any product prior to the date of delivery without incurring any obligation.

SHIPMENTS, DAMAGES, AND SHORTAGES IN TRANSIT: When signing for receipt of goods, all visible damages and/or carton shortages must be indicated on the carrier delivery receipt. The customer shall inspect all items upon arrival and submit in writing any claim of a shortage or non-conformance within 7 days after receipt of shipment. Responsibility for an error in shipment passes from the shipper to the consignee if the merchandise, or any portion thereof, is used prior to notification.

- MERCHANDISE RETURN POLICY:** A Return Authorization Number (RAN) must be requested prior to returning any merchandise to Palmero Healthcare. Issue of a RAN should not be interpreted as a final credit to the customer account. Palmero reserves the right to evaluate incoming returns prior to issuing a credit to the

customer. Merchandise must be returned in resalable condition (unless originally defective); in original complete packages (no partial packages accepted for credit); forwarding shipping costs are prepaid; a handling/restocking fee of 20% to 30% will be assessed to merchandise which is not defective. Percentage will be based on the condition of the merchandise returned. Non-returnable products received by Palmero will be returned to the customer and shipping costs will be billed to the customer. Discontinued items by PHC will not be accepted for return. Specialty products such as X-Ray Aprons are date sensitive and any returns received beyond 9 months of the stamped date will not be issued credit. The X-Ray Aprons will be disposed of in the proper recycling method as specified by Palmero Healthcare's policy.

PRODUCT WARRANTY: Palmero's products are guaranteed to be free of material defects. Palmero is committed to a high standard of quality and craftsmanship. This standard will be employed in the manufacture of each product. If our products do not meet these standards, our customer may return the product to be replaced, at our discretion, and at no charge.

WARRANTY STIPULATIONS: Palmero Healthcare warrants that it has good title to the products sold to the buyer; and that its goods will conform to buyer's specifications, if any. Except as otherwise provided herein, all other warranties, whether expressed or implied, and including, but not limited to, the warranty for merchantability and fitness for a particular purpose are hereby excluded. In all events, buyer's sole and exclusive remedy shall be limited to the amount of the purchase price of any products on which a claim is made as its exclusive remedy for breach of the warranty expressed herein and for negligence and otherwise. Under no circumstances shall Palmero be liable to buyer or any other person for consequential or incidental damages.

CHOICE OF LAW: All disputes arising out of all sales by Palmero to buyer shall be governed by the State of Connecticut and litigated in Fairfield County, Connecticut. Buyer hereby consents to the jurisdiction of the courts residing in Fairfield County, Connecticut.
