PRESS RELEASE
For Immediate Release
 November 2017

Palmero Introduces New Pink Safety Eyewear to Support National Breast Cancer Foundation.

Palmero Healthcare, a Hu-Friedy subsidiary, is proud to announce an exciting addition to our line of Dynamic Disposables, a lightweight, disposable cost-effective alternative eye protection that reduces eye splash contamination incidents. A cost-effective alternative to traditional protective glasses, Dynamic Disposables can be worn comfortably with a clinician’s own prescription glasses. The lenses on our entire disposables line feature self-closing holes to prevent gaps and meet the OSHA and Center for Disease Control’s Guidelines for protective eyewear.

Breast Cancer Awareness

We’re also extremely proud to announce that our new pink safety eyewear is an important part of our commitment to breast cancer awareness. When you purchase our new pink safety eyewear, 5% of the proceeds will be donated to the **National Breast Cancer Foundation, Inc.**® an organization providing help and inspiring hope to those affected by breast cancer through early detection, education and support services. Purchase any of the items below to increase the safety of your practice and at the same time, help support those affected by breast cancer.

		<p>Ref# 3915 PINK Office Pack (10 frames, 20 lenses & 1 cord)</p> <p>Ref# 3916 PINK 25-Pack Lenses Ref# 3917 PINK 100-Pack Lenses</p>

*Palmero Healthcare has been committed to bringing a wide range of infection prevention products such as hospital-level disinfectants, barrier products, and safety products to the dental community since 1957. With quality and reliable dental products, Palmero’s goal is to become the recognized leader in infection prevention and safety products. We take pride in knowing that our legacy will continue to expand and flourish as a Hu-Friedy subsidiary where our **MISSION** is to provide infection prevention and safety products that protect clinicians, patients, and the practice.*

The National Breast Cancer Foundation’s (NBCF) mission is to provide assistance and inspire hope to those affected by breast cancer through early detection, education, and support services. NBCF provides free mammograms and breast cancer education to women in all 50 states through a network of hospitals. NBCF was founded in 1991 and has a Charity Navigator’s highest 4-Star rating.
