

The 1200W Microwave Sensor suitable for our LED Non-Corrosive Lighting range...

220-240V 400W 3 YEAR GUARANTEE 5.8GHz 0.5mW

Specification

- Voltage:** 220-240V, 50/60Hz
- HF System:** 5.8GHz ± 75 MHz, ISM wave band
- Max Load:** 400W inductive, 800W resistive
- Transmission Power:** 0.5mW max.
- Function:** Control the lighting ON/OFF
- Installation:** Wall or ceiling mounted.
- Detection Zone:** Diameter 8m max.
- Detection Sensitivity:** 25%, 50%, 100%
- Time setting:** 5 Seconds / 1 minute / 5 minutes / 15 minutes / 30 minutes
- Mounting height:** Max 6m, recommended 3-4m
- Detection Angle:** 150° (wall installation) 360° (ceiling installation)
- IP Rating:** IP20
- Working Temp.:** -35°C - 50°C
- Light Control:** 2~2000Lux, adjustable

MODEL	DESCRIPTION	DIMENSIONS (L x W x D mm)
