

NEWS

Classes are slowing down for 2019, but we're ramping up for 2020 and 2021 (yes, really!) If you're thinking of booking a private CPO class, contact us soon to lock in your preferred date.

December is also Katie's birthday, so we're offering \$33 off orders before January 1 to email subscribers only. Use the code **KATIEBDAY** at checkout or shop via [this link](#). *This is our only discount for 2020.*

Not sure about your schedule? *Transferring to an alternate date is always free of charge.* More frequently asked questions (FAQ) [here](#).

CPO CLASSES IN YOUR AREA

Tuesday, December 10 - Wednesday, December 11, 2019
Winnipeg, MB

Next week! We aren't back until December 2020

Tuesday, January 28 - Wednesday, January 29, 2020

Calgary, AB

Monday, February 3 - Tuesday, February 4, 2020

Edmonton, AB

Entrapment incident in Canada

After discussing suction entrapment in Chapter 10 (Water Circulation) of the Certified Pool Operator (CPO) class, many students ask - "But does this actually happen in Canada?!"

The province of British Columbia and the Rotary Club of Dawson Creek are currently battling over the death of 12 year-old Beverly Park.

At issue: the man-made lake is not a swimming pool, so pool safety regulations technically don't apply. However, there's a long history of

locals being invited to use the structure for recreational swimming, so does a higher standard of care apply? What do you think?

A reminder that all the videos we watch in CPO class (including those on entrapment) are available on our [YouTube playlist](#).

**if you can't see the
bottom of the pool in
the deep end or the
water is cloudy,
don't swim there.**
