Yes, CUBA...Scuba Cuba!

Let us take the concerns out of visiting Cuba. Experience the culture and dive one of the most pristine coral reefs on the planet. We will start with 2 nights at the 5 Star Manzana Kempinski hotel. We will enjoy touring, eating, and living life in Havana. We will then spend 7 nights on the Avalon JA-3 for an exceptional liveaboard experience while diving Jardines de la Reina (the Gardens of the Queen). On the JA-3, you will be joined by a Cuban marine scientist and diving experts that will provide you a once in a lifetime look at a relatively undisturbed reef and mangrove ecosystem. You will see massive coral reefs, steep walls, and a diverse population of fish. It is not uncommon to see turtle, large jewfish, snapper, grouper, and more. The shark experience is like no other in the Caribbean as you may see black tip, lemon, nurse, silky, and hammerhead sharks...many on the same dive! After the 7 days of diving, we will return for one more night in Havana before flying home.

This trip is built to include most meal costs and provides you a "no worries" travel itinerary.

Full payment is due March 15, 2024. An initial deposit of \$2,000 is requested.
