F

F

F

F

- Install the nail foot (F) pressing them against the panels (1) and (2).

Step 9

Vanity Top Installation
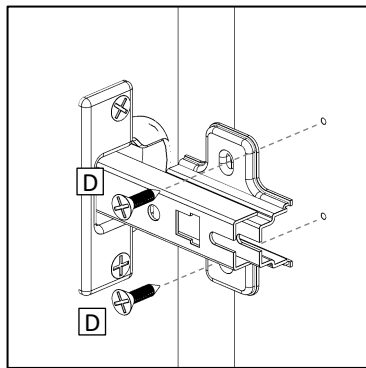

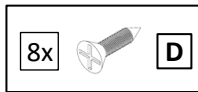

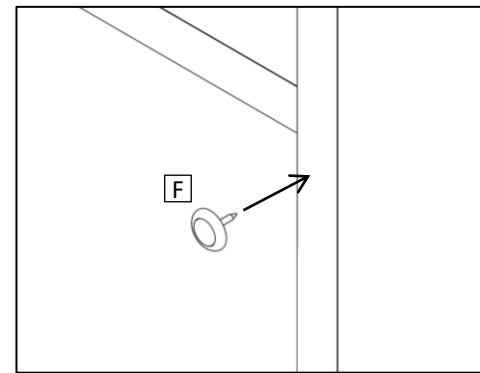

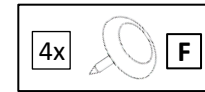

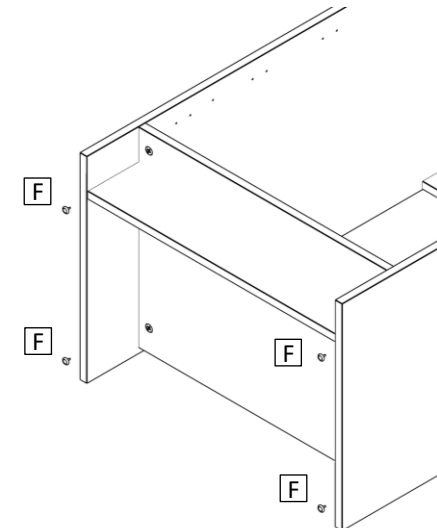

1. Set the vanity top on top of the vanity base, checking the location of the p-trap and drain.

2. Remove the top and install the faucet per manufacturer's installation instructions.

3. Hand tighten the pop-up drain with a wrench. Be careful not to over-tighten the pop-up drain. Over tightening may cause cracks on the marble top.

4. Apply a thin bead of silicone compound around the vanity base and set the vanity top carefully in place. Remove any excess silicone compound with a wet rag. (SILICON NOT INCLUDED)

5. Install the faucet, water lines and P-trap according to manufacturer's installation instructions.

6. It is recommended to use the Without Overflow drain (NOT INCLUDED).
