# ABOUT CEDAR BEAR®

Cedar Bear® has been a trusted herbal supplement manufacturer and seller for three decades! Founded by L. Carl Robinson, Formulary Clinical Herbalist & Jhoane Robinson, Herbalist and Writer, our focus has always been on supporting your health, kid's health, and pet's health through the most natural liquid herbal products made with the highest possible standards.

At Cedar Bear®, we make only natural products that are totally alcohol-free. We use the best herbs from all over the world that we can source for our natural remedies, with only the herb, purified water, and the highest grade of glycerin (Kosher and Halal certified, and GMO-Free) in them. Nothing else!

As a family owned small business with big capabilities, we've worked hard to always be true to our core values of Innovation, Integrity, and Inspiring, and to always keep the original small batch quality and effectiveness of our products as our company has grown.

# Meet the Founders:

## **L. Carl Robinson**

### **Founder, CEO**

Carl is a clinical & formulary herbalist and nutritional therapist with an ancillary interest in biological agriculture. He received a Master of Herbology in herbal pharmacognosy & pharmacology, which included studies in fluid preparations and formulations, from Emerson College (CND), and was the first non-doctoral individual inducted into the Intl. Society of Lymphology. Carl is the originator and developer of the TincTract® process for making totally alcohol-free liquid herbal and nutritional products, and was the lead developer of the Pureodine™ process for making alcohol-free glycerite of mono-element triiodide of nascent iodine, another industry first. He was involved in the passage of State legislation that became the template for the Federal government's Dietary Supplements Health Education Act of 1994 (1994 D.S.H.E.A.).

## **Jhoane Robinson**

### **Co-Founder, President/COO**

Jhoane is a traditional herbalist with over 25 years in herbal research and in writing about herbs, natural health, and Cedar Bear®'s formulas and single herbs. Jhoane is also a certified meditation and yoga instructor, a professional actress and voice talent, and a professionally trained classical singer. In earlier years, she trained and showed Arabian horses throughout the Western United States and Canada, including the National Championships in both countries. Having a life-long autoimmune condition, Jhoane has used Cedar Bear® herbs to keep her health in balance for the last 20+ years. She has been Cedar Bear®'s "Mama Bear" from the beginning, and is also happily involved in organic gardening and healthful cooking.

Jhoane and Carl raised their blended family of 11 children with Cedar Bear®'s liquid herbs and use Cedar Bear® herbs on a daily basis, not only for themselves, but for their "fur kids", too.

In addition to overseeing Cedar Bear® and its wonderful growth, Carl and Jhoane are also busy developing Cedar Bear® Herb Farm, LLC and Oasis Gardens Learning Center, 501c-5.

# CEDAR BEAR<sup>®</sup> Formulas

## Adrenal Balance

Adrenal Exhaustion, Stress, & Mental Focus.\*

INGREDIENTS: Astragalus Root, Wood Betony Herb, Ginkgo Leaf, Eleuthero Root, Gotu Kola Herb, Rhodiola Root, Licorice Root, Lavender Flower, Spearmint Leaf, and Passionflower Leaf.

*Artemisia absinthium*

Digestion, Gut Flora, & Intestinal  
Support.\*

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Essential for Thyroid, Immune Function, & Overall Health

Iodine is essential for thyroid health and metabolism. Without it, the thyroid gland cannot produce thyroid hormones that are foundational to overall health. Iodine also benefits energy levels, cellular health, cardiovascular health, immune function, healthy skin, and benefits young bodies in developing and growing both before and after birth. Iodine has an important role in heart, liver, breast and prostate health, and so much more. In fact, every cell in every body needs iodine!

While iodine is an essential mineral for our health, our bodies cannot make it. The only way we can get iodine into our bodies is through our diet and through supplementation. Supplementing your diet daily with the right kind of iodine supports not only your thyroid, but also helps with all aspects of health. If you are experiencing low or fluctuating moods, difficulty losing weight, low energy, brain fog, dry skin, feel sensitive to cold, or have cold hands and feet, you may benefit from supplementing your diet with Cedar Bear®'s liquid Nascent Iodine.

Iodine supplementing is recommended for all people of all ages and is especially important while preparing for and during pregnancy and nursing, and for infants and young children. Cedar Bear®'s liquid Nascent Iodine is a mono-element triiodide of iodine and does not contain other reduced mineral salts like potassium, sodium, calcium, etc. Cedar Bear®'s liquid Nascent Iodine is made with glycerin from natural deep earth sourced iodine, and is gentle, non-toxic, and a wonderful addition to your daily health support and for all members of your family, including your pets.
