For buildings, vehicles and equipment

Rodent & Pest Control

Quill Vermin Trap Box

- ✓ Plastic impregnated with fishmeal to attract vermin
- ✓ Unique design, manufactured at Quill Productions
- ✓ Strong and durable

Rodenticides

Wide selection of rodenticides & bait available

Have an effective rodent and pest control system in place. Monitor vermin activity by baiting & trapping.

[Rodents] can carry infection or infective material onto your farm and spread disease to your flock.
(DEFRA 2022)

“ Skin parasites, such as red mite, can be a problem in birds kept indoors and can make birds more irritable (DEFRA 2022) ”

Quill Kill Mite Powder

Diatomaceous earth powder

For mites, ants, fleas and crawling insects.

Odour free, natural product

Can be applied to the bird directly as well as housing and nesting areas

Record Keeping

Quill Dry Box

- ✓ Robust and long lasting document holder
- ✓ Ideal for delivery notes - Keeping delivery vehicles and drivers away from site
- ✓ Large enough for clipboards, spray cans, masks etc

“ Keep good records of all visitors and vehicles that enter the site.

You should restrict the number of visitors and their vehicles and keep them as far away as possible from poultry buildings and pastures.
(DEFRA 2022)

Water - Quill Nipple Drinkers

Prevent your birds from accessing open water that may be contaminated. Ensure that your birds receive only mains or treated water or ensure that reservoirs or storage tanks are covered. Sealed nipple systems can be considered. (DEFRA 2022)

- ✓ Our nipple drinkers are enclosed, keeping water clean and uncontaminated
- ✓ The raised height of the nipples reduces the risk of wild birds reaching the drinkers
- ✓ Widely used for all poultry and game birds
- ✓ Designed by Quill Productions
- ✓ Strong, weatherproof plastic

Quill Tank Drinkers

Sizes available: 40L, 125L and 250L

Quill Drinker

Successfully used for over 20 years
Approved by DEFRA and Freedom Foods

Water Sanitisers

Water lines and drinkers must be flushed through and cleaned regularly. You could consider the use of water sanitisers... (DEFRA 2022)

Intra Hydrocare

The most effective stabilised Hydrogen Peroxide water sanitiser available

PT05 Registration
