

Professional Users

INFORMATION REQUIREMENTS

In October 2023, the Explosives Precursors Regulation was updated. As sellers of certain products, we are obliged to collect, record and retain critical information from customers of regulated explosive precursors.

The relevant products sold by Quill Productions and the reason for their inclusion is listed below:

PRODUCT NAME	REASON FOR INCLUSION
Quill Water Pure	Hydrogen Peroxide >12%
Evans Multi-acid	Nitric Acid > 3%
Evans Peradox	Hydrogen Peroxide >12%
Evans Target Acid Foam	Phosphoric Acid >30%
Evans Vanodox Formula	Hydrogen Peroxide >12%

In relation to the supply of these materials, Quill Productions is required to verify that customers are legitimate professional or business users. The following information must be recorded and retained for 18 months:

PLEASE COMPLETE:
