KILCOX EXTRA

**Kilcox Extra is a heavy duty
Defra approved disinfectant.**

5L

defra
Approved

BENEFITS

- ✓ Effective against Coccidiosis, Cryptosporidiosis & E.coli
- ✓ Can be used in Poultry, Pig, Sheep & Cattle housing
- ✓ DEFRA Approved (Swine Vesicular Disease, Diseases of Poultry and General Orders)
- ✓ High grade synthetic phenol, glutaraldehyde and a quaternary ammonium compound

APPLICATIONS

SPRAYING: For a specific coccidial challenge the recommended dilution rate is 2-3% w/v. For a severe outbreak of coccidial a dilution rate of 4% w/v is recommended. The mixture should be applied at 300ml per square metre and it should be ensured that all surfaces are fully wetted.

FOOT DIP BATHS: The recommended dilution rate is 2% for foot dip baths. Foot dip baths should be changed weekly or beforehand if the mixture becomes heavily soiled.

THERMAL FOGGING: The recommended dilution rate is 25% when thermal fogging. The mixture should be applied at a rate of 12 per square metres.

Appearance: Pale yellow liquid
Odour: Aldehydic
pH - undiluted: 5.00-7.00

SAFE HANDLING & STORAGE

Full guidance on the handling and safe storage of the product can be obtained from the safety data sheet including first aid measures and health and safety requirements.
