

Amazon Alexa Setup

v15

Model NXG - 100

NEXX HOME ALEXA SETUP

Nexx Home integrated with Alexa Skill allows you to control the opening and closing of your **Nexx Garage** as well as controlling your **Nexx Plug** by voice command.

Following steps describes Nexx Home Alexa Skill setup.

- 1) Open the Amazon Alexa app on your phone.
- 2) Press menu button in the upper left corner of screen and select "Skills" from the menu.

- 3) Search “nexx home” using the search field.

- 4) Select “Nexx Home” skill from the search results.

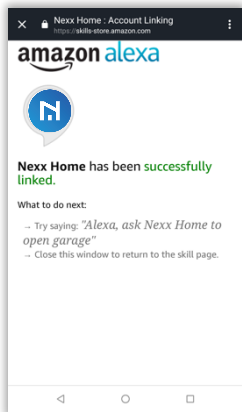

- 5) Press “Enable” button to start the linking your Nexx Home account with Amazon Alexa.

- 6) Provide your Nexx Home account credentials to link your account.

- 7) Once you've provided correct credentials, your account will be linked and you'll get success message.

Nexx Garage Commands

- Alexa, tell Nexx Home to check garage door
- Alexa, tell Nexx Home to check door
