

Google Home Setup

v15

Model NXG - 100

NEXX HOME GOOGLE HOME SETUP

Nexx Home integrated with Google Assistant Action allows you to control the opening and closing of your **Nexx Garage** as well as controlling your **Nexx Plug** by voice command.

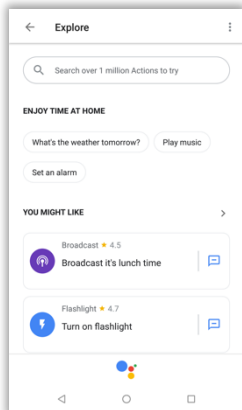

Following steps describes Google Home setup.

- 1) Open the Google Home app on your phone.
- 2) Press mic button and you'll see a little compass icon appear, click on it to go to explore.

- 3) You'll land on explore section, where you can search actions.

- 4) Search "Nexx Home" action using the search field and click on it.

- 5) Press “LINK” button to start linking your Nexx Home account with Google Assistant.

- 6) Provide your Nexx Home account credentials to link your account.

- 7) Once you've provided correct credentials, your account will be linked and you'll get success message. You'll see the "TRY IT" button.

NEXX HOME SKILL SETUP COMPLETED
