- Sensor Mounting Brackets
- Zip Ties
- Door Sensor & Cable
- Bolts/Nuts/Screws
- Compatibility Test Wire

STEP

3

YOU MUST HAVE

- Mobile device
- Garage/Gate opener
- Stepladder
- Screwdriver

STEP

4

CHECK COMPATIBILITY

Before you proceed, please verify that your garage opener is compatible. See the "Compatibility Test" sheet for more detail.

STEP

5

INSTALL MOBILE APP

Install "Nexx Home" mobile app from Apple Appstore or Google Playstore.

WIFI CONFIGURATION

STEP
6

From Nexx Home app, create a user account and tap "+" to add Nexx Garage to your app. Follow the WiFi configuration steps.

DEVICE INSTALL

STEP
7

Connect the 2 wires coming out of Nexx Garage to the same 2 terminals on the back of your opener that your wall button wires are terminate to.

SENSOR INSTALL

STEP
8

Mount the sensor part with a cable to the garage door frame adjacent to the garage door, just above the garage door. Mount the other sensor part on the center top of the garage door.

INSTALLATION COMPLETED!

STEP
9

Installation is now complete. From your mobile phone, use Nexx Home app to control and monitor your garage door or gate.
