

HyFlex® 11-500

Mechanical Protection

Cut Protection

Medium

Excellent dexterity and breathability in a very versatile glove

DESCRIPTION

- Ansell's HyFlex® 11-500 industrial glove is well suited for a broad range of assembly applications.
- It is designed for dry or slightly oily applications where workers need light cut protection, and in some cases, isolation from heat or flying molten metal debris.
- Offering optimal comfort and a sure grip, the HyFlex® 11-500 glove is the versatile choice for optimal productivity and safety.
