

# Hycron®

## 27810

Nitrile dipped coating on a jersey liner

Oil

Heavy Duty

## Made extra-tough for heavy duty jobs involving rough, abrasive materials

- The unique coating formulation of Hycron 27-810 offers better resistance to sharp and abrasive environment for an extended wear life
- The nitrile coating offers a good barrier against oil and grease
- Built with cotton and jersey fabric for an optimal comfort

### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Chemical

### Applications

- Handling metal sheets & panels
- Metalworking & assembly operations
- Press injection molding
- Seizing and finishing structural parts
- Fixing, clipping parts and wire harnesses; connecting devices
- Assembly & inspection of components
- Opening furnaces draining pumps valves or lines and crackers BTX process

# Hycron®

## 27810

Nitrile dipped coating on a jersey liner

### Key Features

- A big tough glove for a rough, tough life: three times more durable than heavy-duty leather
- Unique Ansell nitrile formulation. Offers superior resistance to sharp and abrasive materials
- Stronger and more flexible than PVC. Also provides excellent barrier to grease and oil, and does not degrade like leather or cotton
- Made without silicone
- Guaranteed clean for metals and motor manufacture
- Long safety cuff for increased protection
