

Oil

Heavy Duty

## Better grip & protection for tougher jobs

- ActivArmr 27-905 is the best choice for even tougher applications because of the combination of three technologies from ANSELL GRIP™ Technology, FORTIX™ Technology and RIPEL™ Technology
- The unique Ansell nitrile formulation is now more durable than ever with the patented FORTIX™ Technology offering superior resistance to abrasive and sharp materials
- The new and improved coating also features ANSELL GRIP™ Technology that provides excellent grip in dry, wet and oily environments while the full coating, with RIPEL™ Technology, gives an outstanding barrier to grease and oil and does not degrade like leather or cotton
- The soft polycotton liner provides a cooler feeling to the hands with the safety cuff

### Industries

- Machinery and Equipment
- Metal fabrication
- Oil and gas
- Maintenance

### Applications

- Garbage collection & sorting
- Handling dry, wet or oily large objects
- Maintenance
- Primary assembly

### Key Features

- ANSELL GRIP Technology requires less force on slippery objects, reducing hand fatigue and increase productivity
- The new and improved coating is more flexible and comfortable while providing higher mechanical protection
- Superior ergonomic hand shape and a wider range of sizes for a more comfortable fit
- The soft polycotton liner provides a cooler feeling to the hands and offers better sweat management than leather or pure jersey cotton liner
- Antistatic according to EN1149 and made without silicone for improved product protection

### Technologies

### Performance Standards & Regulatory Compliance

### EN 388:2003 EN 388:2016

### REACH Compliant
