Mechanical Protection

Cut Protection

Heavy

## Premium longevity and cut protection through advanced technology

### DESCRIPTION

- The optimal combination of cut resistance, comfort and dexterity. Looking for maximum cut protection combined with superior longevity? Ansell's Vantage® range is the solution. These premium gloves use innovative technology for improved cut resistance, excellent flexibility and a higher level of user comfort.
- High performance redefined. Reserved exclusively for our premium gloves, Ansell's cut resistance technology uses revolutionary engineered yarns with the highest cut-protection-to-weight ratio available. This makes the Vantage® gloves ideal for handling sharp tools and materials.
- Versatility. The Vantage® range offers protection profiles for a wide variety of environments. Along with high cut resistance, most Vantage® gloves include protection from heat and light molten splashes.

### PRODUCT DETAILS

Construction	Knitted
Liner material	70-750: Kevlar® Lycra® Stainless steel 70-761: Acrylic Kevlar® Nylon
Gauge	70-750: 13 70-761: 10
Cuff style	Knitwrist
Colour	70-750: Yellow and blue 70-761: Green/grey
EN Sizes	70-750: 7,8,9,10 70-761: 6,7,8,9,10,11
Length (mm)	70-750: 220 - 280 70-761: 220 - 270
Packaging	70-750: 12 pairs in a bag; 12 bags in a carton 70-761: 12 pairs in a bag; 6 bags in a carton

### IDEAL APPLICATIONS

- Assembling metal parts and components
- Automated welding feeding
- Body assembly
- Default checking
- Handling sharp or irregular-edged metal parts
- Metal finish inspection
- Moderately oily metal parts with sharp or rough edges
- Press & stamping
- Protection from heat & light molten splashes
- Welding
