

Vibration

Heavy Duty

Minimize the risks and effects of harsh vibrations on the job

- Engineered to reduce the vibration absorbed by workers' palm and fingers, ActivArmr® gloves help protect from Hand-Arm Vibration Syndrome (HAVS)
- Soft padding in the thumb, index finger and palm area enhances the shock impact protection.
- No need to remove the glove to screw or handle very small parts like nails.
- Pressing the trigger of power tools is a lot easier with this half-finger version.

Industries

- Automotive
- Metal fabrication

Applications

- Handling metal sheets & panels
- Metalworking & assembly operations
- Handling rough machined metal parts
- Handling materials with sharp or rough edges

Key Features

- Half finger version for improved handling of screws, nails and small parts. Breathable cotton back for comfort in warm work environments
- Ansell Vibration Gel Foam padding reduces transmitted vibration to the hand
- Nitrile coating provides snag and abrasion resistance
- Silicone-free and launderable
