SPECIAL RUN RED CROSS 20' STANDARD HEIGHT CONTAINER

Limited 2-pack Freelance Scheme

These Newly tooled 20' models feature IBC connecting pins AND our Magnetic connection system and are decorated with detailed prototype printing. JTC 20' standard height container series offer eight (8) door styles to match prototypes. Models come in packages of TWO, unless noted otherwise. The Top IBC holes Match with JTC 40' HC containers with Magnets, JTC Open/Canvas top containers with Magnets, Atlas 40' container, JTC Retro-fit underframes, JTC 20' containers with Magnets and future JTC 1:160 scale containers.

**NEW – Controlled Entry Kiosk** - This controlled access Unit is often used at sensitive access points, such as entry to Railyards, Ports, terminals, office parks, industrial plants and other areas that require securely controlled entry points. This New JTC model is based on an actual unit in operation in the U.S. The model will come painted and Assembled. Gate is non- operating. Supplied signal is non-operating. Sized for semi-truck access, the unit features a communication Kiosk, camera on pole, traffic signal light & pole, gate and gate operator stand mounted on a high curb.

**PRE-ORDER NOW FOR FALL 2018 DELIVERY**
