Linnsey Olson has been giving me facials for many years now and I can't say enough about how wonderful she is. Once you have a facial from her, I promise you'll be hooked for life, she has a **MAGIC TOUCH!**

She is very knowledgeable about all products and always knows what your skin is thirsty for! Get the Mini Face lift facial from her, that's my favorite! Love her!

I have been a loyal client of Linnsey Olson for over a year. I have had facials every four weeks and look forward to every month when I get to relax and put myself into Linnsey's hands-literally! She is professional, up on all the latest skin care products and knows exactly what my skin needs. I especially like that she is very thorough with extractions and I leave knowing that my skin has been cleaned expertly! My home care products work because of her recommendations.

I highly recommend this sweet and knowledgeable Esthetician.

Contour Body Wrap with Body Buff- \$90

I start with a full Body Exfoliator to remove environmental toxins, product, and dead skin cells. This is an Internal Cleanse Body Wrap, freeing and removing trapped waste in the connective tissue, eliminating internal disfiguring deposits, while at the same time stimulating inch loss. Wraps are often sold in a series of treatments to maximize inch loss and cleansing. The contour cream helps stimulate the lymphatic circulation while the plastic wrap acts as an acupuncture to push the lymphatic fluid up into the thoracic valve, circulating the toxins back into the blood stream to get filtered out through the liver and the kidneys.
