38503: SF R/C GE 25-Ton Diesel

38504: UP R/C GE 25-Ton Diesel

38505: PRR R/C GE 25-Ton Diesel

38506: Clean Machine R/C - Track Cleaning Loco

Easy as 1, 2, 3

1. Unbox the Loco
2. Insert Batteries
3. Run Your Train

Run on any track or even the floor!

These four new 25-Ton Diesels are completely battery-powered.

Quick-change battery clip inside the hood holds six AAA cells (batteries not included). 1100mAh rechargeables give over two hours run time.

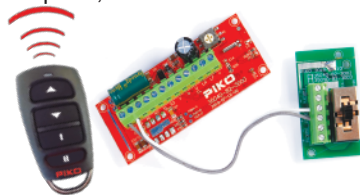

Included pocket remote controls speed and direction, plus the bell and horn on a future sound unit.

R/C Power for other locos, too.

Receiver installs easily in many locos. Controls speed, direction and basic sound functions.

35040 Loco Receiver w/Pocket Remote
