COMMEMORATE. CELEBRATE. APPRECIATE.

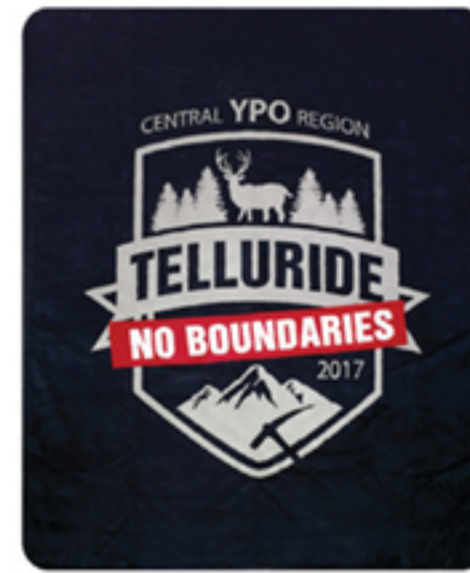

Whether you're looking to show appreciation for employees and key accounts or commemorating your corporate anniversary, we couldn't think of a better way to do it than with a custom made Denali blanket, where luxury and comfort can be felt in every fiber. Denali Home Collection blankets are well-known for their astonishing comfort, bringing a level of warmth and softness not found in your run-of-the-mill blanket. Warmer than fleece, these unique blankets are made from an innovative fabric, called MicroPlush[®], that's been 20 years in the making.

But with discerning customers, who settle for nothing but the best, we know comfort isn't just about how our blankets feel. It's also about the peace of mind they'll have knowing that they're buying the most premium, well-made blankets on the market. That's why our blankets are made right here in the ol' U. S. of A., where the spirit of providing superior craftsmanship and delivering an uncompromising product are alive and well. We use the highest quality materials, take great pride in our workmanship, and do all the little things by hand that make a big difference in our products. That's the Denali Difference and it's what makes our products a cut above the rest.

CUSTOM PRODUCTS

NOT ALL BLANKETS ARE CREATED EQUAL

There's no such thing as too much of a good thing, especially when it comes to our MicroPlush® hand-stitched, double-thick, ultra-durable blankets. With two blankets coming together as one, you get twice the comfort and durability. Our blankets are proudly made in the USA for those who appreciate quality craftsmanship and who crave the feeling of luxury and comfort in every fiber. And for added comfort, we back our Denali blankets with a lifetime warranty.

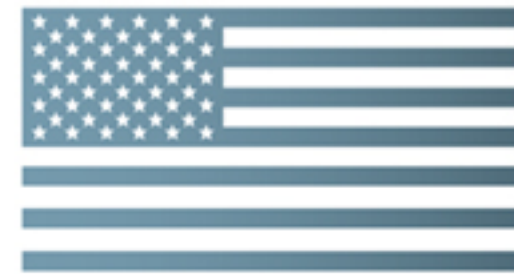

ULTIMATE COMFORT

As someone who settles for nothing but the best, comfort isn't just about how the blanket feels. It's also about the peace of mind you'll have knowing that you own the most premium, well-made blanket on the market.

SURVIVES WASHING

Tumble after tumble, our blankets are made to withstand the wear and tear that washers and dryers put on them. With resilient fibers that actually get softer with every wash, they can be laundered as often as needed. For best results, always wash and dry on cool temperatures.

MADE IN THE USA

Our fabric is made at our Wisconsin facility. All of our blankets are hand sewn in the USA, where the spirit of providing superior craftsmanship and delivering an uncompromising product are alive and well. Enjoy.

TRUE COLORS WON'T BLEED

These babies look as good on day 900 as they do on day one. The fibers are dyed before production to achieve deep, rich, lasting colors in the fabric so you can represent your team boldly year after year.

REGULATES BODY TEMP

The billions of air pockets created between the fibers help to maintain an ideal body temperature, both in cool and warm conditions. It's like a having an invisible thermostat built right into the blanket.

TWO BLANKETS IN ONE

What's better than one incredibly comfortable blanket? Two incredibly comfortable blankets, hand-stitched and sewn together for unrivaled comfort and durability because we believe our customers deserve nothing but the best.

SUPERIOR DRAPABILITY

As in the ability to drape. The flexibility of the filament knit backing and lightweight loose fibers of our blankets deliver an astonishing softness and drape that you just won't find in your run-of-the-mill blanket.

LIFETIME WARRANTY

If you're not completely satisfied with our blanket, return it within 60 days of purchase for a complete refund or replacement, no questions asked. We will also repair or replace any Denali blanket damaged by normal wear and tear for as long as you own it.
