Garner

FRAMING CO.

We are excited to introduce our collection of unique customizable mouldings and mirrors to the design trade.

Moulding Styles, Color & Finishes

With over 30 profiles to choose from, you can create the perfect framed mirror for your client. Select from our house colors, gilding and finishes or a bespoke finish you develop.

Antiqued & Beveled Mirror

In addition to our moulding choices, we offer our in-house custom antiqued mirror in light, medium or heavy antiquing. We also offer beveled mirror (non-antiqued). We specialize in unique and creative uses of mirror... your imagination is our inspiration.

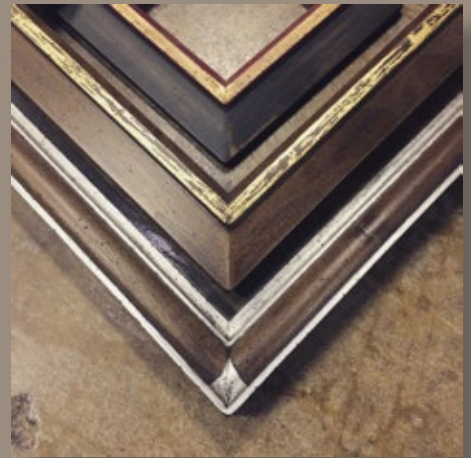

YOU ARE ONLY LIMITED BY YOUR IMAGINATION.

Let us help you design the perfect piece.

OUR HANDMADE FRAMES

Our handmade moulding profiles range in size from 5/8" to 4 1/4" in width with styles from traditional to contemporary. We offer typical rear loading milled mouldings suitable for art and mirrors as well as front loading "float frames" which are designed primarily for canvases but can also be adapted for mirrors. If you are looking for something outside of our collection, we would be happy to explore a custom milled moulding for your specific project.

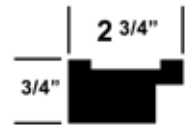

GOTHIC

This frame design references the Gothic architectural style that evolved from the Romanesque period and flourished in Europe during the High and Late Middle Ages. Formal by nature, this frame style can be treated to rich colors and heavy distress to accent its historical design and formality, or made contemporary by limiting the distressing and choosing contemporary colors.

LE FLEUR

Translated from French meaning: The Flower, is a versatile design that borrows for the botanical imagery seen in the traditional stylized lily frequently seen in French Heraldry. A very soft design, the Le Fleur is especially suitable for powder rooms and interiors where hard edges are unnecessary. The lighter colors used with a silver leaf accent are beautiful with this design.

CHATEAU

The Chateau frame design is a simple approach to a frame design that has been around for centuries. Its straight edges give it a natural look of strength and references simple, strait-forward architecture . It is particularly useful for master baths and in its biggest size (1904) is excellent for holding very large mirrors. The design allows it to be used heavily distressed with dark colors or cleanly finished for more contemporary interiors.

VILLA

Our simplest style is also one of our most versatile. With two subtly defined edges to accent with gold, silver, or a contrasting color, the Villa is suitable for any decor. It can be formal or informal and its strength is in its simplicity.

1200

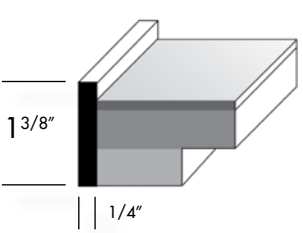

The 1200 series frames are panel mirrors with a very narrow frame. Each frame has hanging cleats to fit flush against the wall.

The edge of the mirror is visible against the inside of the frame.

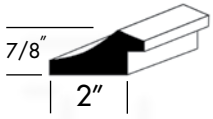

1201

The 1201 has a 1/4" edge.

COLOR SAMPLES

Color

At Garner's we have chosen a range of beautiful colors. To complete these colors, we offer a range of accents and glazing options that can enrich and enhance your selection. We offer a sample selection that will inspire you.

Leafing

Most finishes can be accented with your choice of gold or silver leafing. This leafing can be toned down to give a soft, natural look to the lip or design of the moulding.

Distressing

All of our handmade frames come with a light, natural distressing. Heavy distressing is available as well, creating a time-worn, weathered look to any frame and finish.

Glazing / Staining creates a wide variety of tones, adding a rich depth to any color. You can choose your style of glazing on any of our finishes: Clear, Light or Heavy.

Clear: This type of glaze seals the frame, but doesn't tone down any of the color or sheen from the leafing.

Light: This glaze is our most popular. It adds a slightly diminished tone to the finish and softens the leafing to a desired glow.

Heavy: This glaze darkens even the brightest colors, creating a heavy and rich look.

*Note: Our distressing naturally varies from frame to frame, giving each one a unique and distinct look and feel.

ANTIQUED MIRROR

Antiqued Mirror

Garner Framing offers custom antiqued mirror. For over twenty-five years we have been making custom antiqued mirrors for the retail and design trade. Our process allows us to vary the antiquing, providing light, medium, and heavy finishes. While we exercise some control, it remains an unpredictable process making each piece one of a kind. Our mirror is available in 1/8" for cabinets and frames, or 1/4" for wall applications. The turn-around time on antiqued mirror varies depending on your project.

ORDERING

Please contact us for all quotes and requests.
We'd love to talk to you!!
Call Us At 901-685-7796.

Ordering Custom Mirrors Is Easy!

- 1 Determine the outside measurements of the frame. We can discuss the specifics of the installation as well.
- 2 Select the Garner Handmade Moulding style you want or we can order from these moulding vendors... Larson Juhl, Roma, Fotiou, Arquati, Bella (and many more)
- 3 With Garner Handmade Mouldings you can select any of our house colors and finishes....or we can work with you to develop an amazing bespoke finish.

Terms & Conditions/ Shipping Information

- Our production time is 4-6 weeks.
- Averitt is our default, local shipper, but you can choose to ship with whomever you prefer.
- In order to open an account we require Sales Tax I.D. # and a business address with card.
- We require a 50% deposit and 50% before shipping.
- We accept all major credit cards.
- Shipping will make up approx. 15% of your order.
- Shipping charges will be shown on your finalized invoice.

SAMPLES

Corner and Color Samples

- Samples are available for all frames and finish types. Custom colors will incur extra fees.
- An order of a dozen assorted samples will be a flat fee of \$240. Custom samples, i.e. deep, craquelure, ornamented, etc. will incur extra fees.
- Sample order purchases may be put toward a frame order of \$500 or more. For example: If your sample order totals \$200 you will receive \$200 off your next frame order of \$500 or more.
- 3" chip samples are available for \$6 each. Custom chips, i.e. deep, craquelure, ornamented, etc. will incur extra fees.
- Single sample charge is \$25.00

Antiqued Mirror Samples

- Antiqued mirror samples are available for purchase individually. 6"x6" light, medium & dark samples are available for \$15 per sample.
- A 3 sample (6"x6") order is available for \$35 with another sample order. Custom samples, i.e. leaded or round mirror, will incur extra fees.
- As with frame samples, antiqued mirror sample purchases may be put toward a frame order of \$500 or more.
