## **FREQUENT FLYER**

All of our products are thoughtfully designed for those who need ample storage space, in addition to well-thought compartments for your belongings. Intuitive use and easy, convenient access to the bags was our primary focus. This is why most FREQUENT FLYER bags are characterized by their “zip around” design, a zipper system that allows bags to be opened into a fully flat position. Our innovative use of a variety of materials and unique design elements combine to create a bag the user can intuitively understand and use to its full potential.

## DELUXE

Inspired by the lush and romantic movie *In the Mood for Love* by Wang Kar Wei, the DELUXE collection has drawn its muse from Maggie Cheung's wardrobe and the simultaneous nostalgia and originality of the film. The DELUXE collection showcases the black and white checkered vintage pattern with woven wool to provide warmth and elegance.

## CORDUORY

Corduroy originally meant (Corde Du Roi) in French, as it was only used for kings. Noble elegance it was. Some might feel it's old school, but we love its unique texture, the cords, and the luster, just like silk. It was used for its warmth and durability, but now it is used to make a fashion statement. Our unisex FREEKNIT collection is designed with FW20 in mind.
