

# Herbal Aloe Soothing Gel and Soothing Spray

The choice of a soothing gel or spray,  
offering the natural healing benefits of aloe

Originally from Africa, and since cultivated in other tropical climates, the long, succulent, spiky leaves of the aloe plant, continue to be used for a wide variety of reasons, both externally and internally. But its ability to soothe and refresh the skin remains its most popular benefit.

The effects of aloe on the skin can mainly be attributed to the high concentration of amino acids found in aloe, along with vitamins E and C, essential fatty acids and zinc.

### Did you know?

There are over 250 species of aloe grown around the world.

### Soothing Gel

This soothing and moisturising gel can help comfort your skin, following over-exposure to the sun and minor skin irritations.

- Suits all skin types

#0495

### Frequently Asked Questions

**Can I use the soothing lotion and spray with other products from Herbalife's Outer or Inner Nutrition range?**

Of course! You could start by using the Herbal Aloe Body Wash or Soothing Cleansing Bars every day.

You can also complement the benefits of our Outer Nutrition range to your skin by adding our great tasting Herbal Aloe Concentrate drink to your daily diet. This will help to soothe your body from the inside.
