

the amagansett sideboard

An ultra-versatile cabinet or sideboard with woven cane doors that slide open to reveal two adjustable interior shelves. This mid-century inspired design is handcrafted using FSC certified solid white oak, and has routed slots in lieu of hardware. Designed and made by Homenature.

Our interior design team will guide you every step of the way, from the moment you supply your ideal dimensions, to navigating the extensive list of customization options that includes wood stains, veneers, finishes and lacquer in every color Benjamin Moore makes. With the ability to mix and match bases and add drawers instead of doors, the possibilities are almost endless.
