

the big sur ottoman

At six feet by three feet, the Big Sur might as well be a coffee table masquerading as an ottoman. The Parsons-style oak base supports an upholstered cushion that has a little bit of tufting, but that won't get in the way of layering trays, books and the like on top to create a stylish table or makeshift dining surface. We've even had clients use it as a large, elevated dog bed. Available in dozens of fabrics (with optional Nanotex finishing), and nine wood finishes.

Made by hand in North Carolina, using local, sustainable hardwoods and eco-friendly materials.
