

the further lane cabinet

Our Further Lane cabinet features Silver Oak that was whitewashed by hand to create the cerused look you see here. We chose to finish the touch latch door with many coats of high polish grey lacquer that closely matches the oak; open them and you'll find two adjustable shelves. A homenature exclusive, hand made in North Carolina.

Our interior design team will guide you every step of the way, from the moment you supply your ideal dimensions, to navigating the extensive list of customization options that includes wood stains, veneers, finishes and lacquer in every color Benjamin Moore makes. With the ability to mix and match bases and add drawers instead of doors, the possibilities are almost endless.
