

## the gramercy ottoman

Our Gramercy ottoman was created by cross-pollinating two of our best sellers: the Lazy Point and the Halsey. It has the same, strong, architectural styling of its parents, but in a size that doesn't require as much space. This handsome shape is fully upholstered and extremely comfortable, and practically invisible recessed legs that make the ottoman seem to float.

Made by hand in North Carolina, using local, sustainable hardwoods and eco-friendly materials.
