

## the gramercy sofa

Our Gramercy sofa was created by cross-pollinating two of our best sellers: the Lazy Point and the Halsey. It has the same, strong, architectural styling of its parents, but in a size that doesn't require as much space. This handsome shape is fully upholstered and extremely comfortable, with a triple-seat design that allows for easy inter-changing of cushions, and practically invisible recessed legs that make the sofa seem to float. Best yet, this sofa can be turned into a sectional by adding matching modular pieces including a chaise and ottoman.

Made by hand in North Carolina, using local, sustainable hardwoods and eco-friendly materials.
