Large Trash Can Assembly Instructions

- 1. Lay your large trash can out like this with design facing down. Piece 1 with two tabs will lay to the right of piece 2. Fold the tab on your left back towards the right and remove the double sided tape backing and adhear the tab to piece 2.
- You will now have one complete piece. Bring tabbed side to the opposite side. Line up the edged and adhere the tab to the inside of the opposite trash can side. If needed you can push trash can flat and press on the full area to adhere all of the double sided tape.

- 3. Fold all tabs inside of the trash can. Line up tabs B and D inside of tab A leaving C on top.
- Grab on to the middle of tab A and pull towards you. All tabs will lock in place. (Make sure tab C is underneath tab A)

Your trash can is now assembled and ready for use!
