GATHER & ORGANIZE

what matters to you by using Element Cards to tell stories

Let's Get Started *

Whose birthday is closest to today? This person is the first Firekeeper, and takes the Firekeeper's Stick.

The Firekeeper's Stick serves two purposes:

- 1. Players only share aloud when **holding** the Firekeeper's Stick;
- 2. The Firekeeper's Stick contents serve as a timer (approximately 15-30 seconds)

Tokens help everyone listen and benefit by expressing and receiving gratitude.

Firekeeper, with Firekeeper's Stick in hand, answer these questions:

What is something you absolutely loved when you were younger?

What did you love about it?

Pass the Firekeeper's Stick to the player at left to finish the round.

Intentions *

- Learn about yourself and others by respecting and **listening** to fellow players
- Remind yourself that Who You Are Matters! when generating Possibilities
- Be brief when speaking; go for honesty and authenticity with short examples
- · Share what's comfortable; feel free to pass your turn
- Keep confidential all player details
- Smile and have fun!
