## **The Rejuvenizer<sup>®</sup>**

### ***A Lifetime of Healing and Protection***

Modern technology, although crucial to our everyday lives, continuously exposes us to hazardous electrical and electromagnetic fields (EMFs). Unfortunately, this poses a serious threat to our health and well-being.

Rejuvenizers help protect you and your family from the detrimental, disorienting effects of electromagnetic pollution—in your home, at work, in your car—anywhere you go.

# SPECIAL USE REJUVENIZERS

## Indoor Rejuvenizers®

For your home, office, hotel or meeting room.

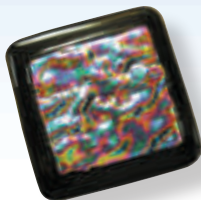

Create a lighter, more peaceful and harmonious environment in your home, or at work, with a set of Indoor Rejuvenizers.

## Travel Rejuvenizer®

For your car, or any moving vehicle (e.g., plane, train, or bicycle).

Make your travel safer, less draining, and less frustrating with the Travel Rejuvenizer, as it helps create a positive, life-supporting energy field in your car, truck, etc.

## Cubicle Rejuvenizer®

For your desk, if you work in a cubicle.

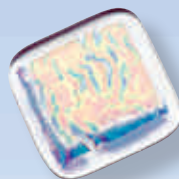

This neutralizes the draining effects of all the frequencies that bombard you in your individual workspace. It is designed to act as both the Indoor and Circuit Rejuvenizers in situations where it would be impossible to place all five of them.

## Circuit Rejuvenizer®

For each circuit breaker panel of your home or office.

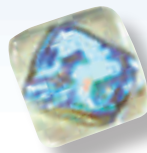

Rid your home of harmful electromagnetic energy and create a more relaxed, harmonious environment. The Circuit, along with the Indoor Rejuvenizers, create a stress-free environment in your home or office.

## Outdoor Rejuvenizers®

For your property, at home or at work.

Make any outdoor activities that you or your children engage in more pleasurable, harmonious, and life-enhancing.

## Luggage Rejuvenizer®

For your suitcase (or a bag of groceries).

Protect the contents of your luggage from airport scanners. They keep your supplements, makeup, and food free from degradation by the life-damaging scanner frequencies.

## Pet Rejuvenizer®

For animals.

Your pets are exposed to the same EMFs that you are and suffer from similar problems as a result. The Pet Rejuvenizer protects and enhances the lives of pets the same way the Personal Rejuvenizer does for people.

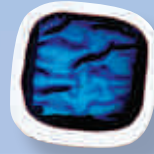

## Picture Rejuvenizer®

For use on a photograph.

We have learned that your photograph contains your life force. Whatever happens to the image on your photograph actually affects your physical body in a significant way, over time.

The Picture Rejuvenizer can help you give your loved ones the benefits of the Rejuvenizer technology.

## Water Rejuvenizer®

For any home or business water sources. Also for your pool or spa.

The Water Rejuvenizer helps return your water to a more energetically positive and natural state. Enjoy a higher vibration and more uplifting quality to the water you bathe and shower in, as well as the water you cook with and wash your food in.

## Cell Phone Rejuvenizer®

For cellular and cordless phones (and other hand-held electronic devices).

The Cell Phone Rejuvenizer will help you by both neutralizing the frequencies coming into the head through the ear and by fully shielding the etheric body, the subtle blueprint for the physical.

“Between the Travel and the Personal Rejuvenizer, I am much calmer when I drive. Now, driving is very pleasant; I no longer feel rushed and on edge. My energy level is much higher, and I can go all day without getting tired.”

—E B., Psychotherapist

“Since using all the different Rejuvenizers in my office and on my person, I have felt more centered, and it’s been a lot easier for me to cope with things. Certain situations no longer seem as stressful as they used to.”

— C.A., Government Employee
