Section C - Minimum Advertised Pricing Policy (MAP Policy):

Daiwa actively supports the advertising and promotion of its Products by its retailers through materials provided by Daiwa at no or nominal cost. Given Daiwa’s strong reputation for providing consumers with high value Products and to enhance Daiwa’s image and competitiveness in the marketplace, Daiwa has instituted a MAP policy for all its Products, effective immediately. The MAP policy will apply to all retailers and distributors.

1. The MAP for all Daiwa’s Products shall be listed in the current Wholesale Price List. 
2. The MAP may be revised by Daiwa at its sole discretion by providing no less than 15 days advance written notice communicating the changes in writing to all of its retailers and distributors without exception.
3. The MAP policy applies to all advertising of Daiwa’s Products in any and all media including, but not limited to, catalogs, flyers, posters, coupons, brochures, mailers, inserts, newspapers, websites, magazines, online, television, and radio.
4. The inclusion in advertising of “free” or “discounted” Products with a Product covered by the MAP Policy would be considered a violation of the policy if it has the effect of discounting the advertised price below what is required by the MAP Policy.
5. Free shipping and/or handling, 0% sales tax, or free financing promotions do not violate the MAP Policy.
6. Pricing listed on any Internet site, regardless of whether it is an e-commerce site or not, is considered “advertised price” and must adhere to the MAP Policy.
7. Price matching policies are acceptable. Price matching cannot be used as a valid reason for violations of Daiwa MAP Policy. Advertised price must always be at MAP or higher.
8. MAP applies only to advertised prices and does not apply to the price at which the Products are offered for sale or sold to individual consumers via personal communication channels like email or over the phone.
9. Daiwa’s MAP Policy does not establish maximum advertised prices therefore resellers of Daiwa Products may sell any of its Products at any price in excess of the MAP established for those Products.
10. Daiwa may, at its sole discretion, discontinue Products or engage in promotions with respect to certain Products. In these cases, Daiwa reserves the right to modify or suspend the MAP Policy with respect to the affected Products by notifying all Resellers of such change.
11. Neither Daiwa’s sales personnel nor any other unauthorized employee has the authority to modify or grant exceptions to the MAP Policy. Please direct all questions or comments regarding the MAP Policy in writing to the policy administrator at: info@dhdusa.net
12. Daiwa reserves the right to modify, suspend, or discontinue the MAP policy, in whole or in part, at its sole discretion and to communicate these changes to all its resellers in writing either by posting it on its website or via email.

Section D: Failure to Comply with MAP Policy

1. In the event a Reseller is found guilty of violating the MAP Policy, Daiwa reserves the right to terminate the Reseller arrangement with no notice and require Reseller to return all Daiwa Products in its possession immediately. Daiwa will not entertain business relationships with individuals and entities whose actions compromise the perceived value of Daiwa and its Products.

The Applicable Price List may vary slightly depending on variables such as exchange rates, demand and availability. The most current Applicable Price List shall be provided to Reseller upon request.
2. Daiwa reserves the right to monitor the advertised price of its Resellers either directly or via the use of monitoring services provided by third-party agencies. The policy administrator shall be solely responsible for determining whether a violation of the MAP Policy has occurred, communicating decisions regarding sanctions when the policy is violated to Resellers, and reviewing any communication received from the Reseller regarding action taken in response to the violation.
