AUTHENTIC REPRODUCTIONS

The Decorators Supply Corporation has been manufacturing beautifully detailed reproductions of hand carved woodwork for well over 100 years. During the early years of the 20th Century, Decorators Supply employed dozens of European artisans who hand carved thousands of beautiful designs, a small selection of which are illustrated in this catalog. It is from these original carvings, still preserved in our vaults, that we make the exact mold impressions used to produce our ornaments. Few modern carvers (let alone injection machines!) can match the beauty and detail found in the composition ornaments that we hand produce from our "exact impression" molds. None can match the value.

Can't find exactly what you're looking for in this catalog? Decorators Supply offers nearly 13,000 additional designs in our #124 Catalog-Ornaments for Woodwork Furniture. We also offer beautifully detailed hand cast plaster cornices, mouldings and medallions in Catalog #130, hundreds of styles and sizes of historically accurate capitals and brackets in our Catalog #127, and a full line of wood mantels in various art periods as illustrated in Catalog #131. Finally, we offer a full line of quality hardwood mouldings including embossed mouldings as well as a unique line of high relief embellished wood mouldings. Please call or visit our web site for further information and assistance.
