Drop the heavy, bulky holsters for a lightweight alternative

Joe Garnreiter returns from the 4th of July holiday weekend with a concealed carry holster substitute from the NRA Store ...

Fairfax, Virginia - Summer has officially arrived, with long days and sweltering heat to prove it. And for concealed carriers, that means your heavy, bulky holster will quickly become a trap for sweat and unwanted moisture – leaving you with potential damage or corrosion to your firearm. Luckily, the [NRAstore](#) has just the solution to keep you cool – and comfortable – through the dog days of summer.

The [NRA Techna Clip](#) is a simple, lightweight, versatile and unobtrusive method of carrying your favorite compact handguns. Whether you're wearing casual or formal attire, simply clip your pistol to your pocket, belt, waistband, or even the small of your back, and carry with confidence! You won't find a more minimalist holster anywhere else on the market.

Installing the [NRA Techna Clip](#) requires zero modification to your firearm, and all necessary hardware is included. Once assembled, this integrated holster works anywhere – inside the waistband, outside the waistband and even MOLLE loops on your gear! Built from high strength, heat-treated carbon spring steel, this clip is available for Glocks, Ruger LCP's & LC9, Sig P238 and S&W Bodyguard .380. What's better? It's made in the USA!

Stay cool this summer and head on over to [NRAstore.com](#) to pick up your [NRA Techna Clip](#) today! While there, be sure check out the rest of our great summer [Shooting Accessories](#), and request a [FREE catalog!](#)
