---

Pedersen + Lennard furniture has been designed and crafted to last for generations. To ensure the longevity of your solid wood furniture, it is essential that it is cared for correctly.

Please take note of our care instructions and action accordingly, as failure to do so may void warranty. If unsure, please contact us and we'll gladly assist.

## HOW TO REPAIR YOUR WOOD FURNITURE:

---

In the event your furniture has been marked or damaged, please follow the instructions below.

The varnish provided is ready to use, please do not dilute.

## FOLLOW THESE QUICK EASY STEPS:

---

- 1. Sand timber**  
Lightly sand the affected area in a gentle circular motion to remove any raised points until smooth to touch.
- 2. Wipe clean**  
Wipe clean with dry cloth.
- 3. Apply varnish**  
Dip the cloth provided into the varnish (Clear or Onyx) and apply to the affected area. Make sure to leave a smooth coat of varnish that will dry and leave the mark unseen on the surface.
- 4. Allow 2hrs to dry**

Congratulations, you're done!

**\*Disclaimer:** This process will not make deep gauges go away but will reseal the timber. If you would like a deep gauge repair please contact us with photos of your piece of furniture.

We trust this information is satisfactory. Should you need further information please do not hesitate to contact us.

## HOW TO CARE FOR YOUR WOOD FURNITURE:

---

- When using the furniture for serving food and drinks, protective mats and coasters are recommended.
- Dust lightly with a clean, dry cloth.
- Wipe up spillages as soon as possible with a diluted solution of your Pronature Plant Soap Concentrate or a clean damp cloth.
- We do not recommend using any chemical and harsh household cleaners as these can degrade the varnish leaving it unprotected.

Should you wish to purchase more varnish to repair your hardwood furniture, kindly email us your **order number** and **varnish finish** (clear or onyx) to [admin@pedersenlennard.co.za](mailto:admin@pedersenlennard.co.za)
