## New ES-150 Transformer from Vista

*Energy-Smart 150W model ideal for compact landscapes and LED projects*

Now there's a 150 watt Vista transformer for smaller sites and energy-smart LED projects. Presenting the ES-150, a rugged, contractor-friendly transformer that offers easy installation and proven performance.

### Key Features:

- Stainless steel cabinet – 20 gauge, top-grade, polished & clear coat finish - resists corrosion and finger prints.
- Available in 15 standard powder coat finishes.
- Dual voltage taps – 12 volts and 15 volts.
- Grounded and isolated with encapsulated core and coil.
- UL listed to US and Canada safety standards for landscape lighting (UL 1838).
- Customize with Vista mechanical, digital or astronomic timer modules and/or photocell for energy-smart control. Removable modules allow convenient hand-held programming of control device separate from transformer.
- With DTC-200 astronomic timer module, get up to 28 on/off cycles per day, sunset/sunrise control, and extended memory back-up for power failures.
- Primary coil auto thermal shutoff protection, secondary coil toggle style circuit breaker.
- Contractor-friendly cabinet design for ease of mounting and wiring.
- Vista Exclusive - easiest in the industry to wire: adjustable cable raceway feeder easily accommodates multiple wire runs. Or use handy 1 3/4" conduit knockout.

### Applications:

- Compact site areas including courtyards, townhomes, condominiums, pocket parks, building signage, green roofs, etc.
- Energy-smart LED lighting.
