SmartWire

2-WIRE SYSTEM

SMARTWIRE - THE SIMPLICITY OF A CONVENTIONAL CONTROLLER WITH THE EXPANDABILITY OF A 2-WIRE SYSTEM.

1 ▶▶ ECONOMICAL

SmartWire is the industry's first simple to install 2-wire system. It requires no training and is cost effective for large commercial jobs. SmartWire eliminates the need for multiple controllers resulting in less installation and equipment costs.

2 ▶▶ SAVINGS

SmartWire delivers all the water savings advantage of weather based watering in combination with the cost savings of a 2-wire system. SmartWire provides a reduction in material (copper wire) and labor costs; simplicity of wiring, programming and troubleshooting; and ease of system expansion when adding zones.

3 ▶▶ SMART FEATURES

SmartWire boasts all the same great features of the best, most-installed, web-based smart controller.

4 ▶▶ DIAGNOSTICS

True two-way communication provides specific diagnostics so you don't have to spend hours searching for a problem.

5 ▶▶ FLOW SENSING

Easily implement flow sensing capabilities such as single-station high flow and low flow alarm and shutdown, mainline break shutdown, and real-time gallons used per site, controller, and station. Add a SmartLink CombiFlow to combine multiple flow sensors into a single SmartLine controller or a SmartLink IsoFlow to share a single flow sensor across up to 6 SmartLine controllers.

Model	Description
SL9648TW	48-Zone 2-Wire Fixed Station Count Model, 120VAC / 60 Hz
SL9696TW	96-Zone 2-Wire Fixed Station Count Model, 120 VAC / 60 Hz
SLSOLAR48TW	Solar System, 48-Zone 2-Wire Fixed Station Count Model, 120VAC / 60 Hz
SLSOLAR96TW	Solar System, 96-Zone 2-Wire Fixed Station Count Model, 120 VAC / 60 Hz
SLDEC1	1-Valve Decoder
SLDEC2	2-Valve Decoder
SLDEC4	4-Valve Decoder
SLGDT	Lightning Arrestor
SLCONN	SmartWire Splice Kit
SLWIRE142-1000	14 Gauge Wire, 1000'
SLWIRE142-2500	14 Gauge Wire, 2500'
SLWIRE122-1000	12 Gauge Wire, 1000'
SLWIRE122-2500	12 Gauge Wire, 2500'
